## WE NOMINATE

the hundreds upon hundreds of Princetonians of all ages who over the Holiday Season opened their hearts to others in contributing more than \$3,410 to the Nineteenth Annual Town Topics Christmas Appeal. As we move into the New Year, in a world palsied by doubt and thirsting for peace, it is reassuring to know that Princetonians in the space of 19 years have now given \$54,420 so that thoughtful and specialized assistance can be extended to those seeking understanding and a sense of security.

For their uplifting generosity; for taking to heart this community's human needs; for refusing to permit bewildered youngsters to remain in the morass of despair where tomorrow is all too often another cold, gray day; these wonderful neighbors of ours are our nominees as Princeton's

**MAYOR OFFERS TO HELP**  
Ask School Solution. "A community solution to the school problem is an absolute necessity," Borough Mayor Henry S. Patterson declared in his annual message on New Year's Day.

Although the mayor gave the usual review of the year that has passed, he made it brief because "there is one pressing subject which is so important to the future of Princeton that it must be particularly emphasized. . . It is the relations between Princeton and Princeton: Borough and Township."

The most important aspect of this relationship in the year to come, the mayor indicated, is a community solution to the school problem. It is, he said, the major challenge before us in 1966.

(The complete text of Mayor Patterson's address is on page 20).

"I Am Available." At his regular Tuesday press conference, Mayor Patterson said, "I would be willing, if asked by the Borough Board of Education to sit down with them and see what can be done. I would hope," he added, "that they would ask Mayor Schaffer, too."

Mayor Patterson said he had no specific ideas for a solution to the school merger question, but he believed strongly that "a solution CAN be arrived at, regardless of the outcome of the school election in February."

"It would not be proper for me to force myself on the school board," the mayor continued, "but I am available at any time to help solve community problems."

In his address, the mayor said, "It is my firm belief that we can provide a single school system for the Princeton community which will offer an even higher standard of education for our children without upsetting the Borough's economic status."

"Two systems including two high schools will cause unnecessary economic and educational harm to both municipalities."

**THE BROTHERS SCHAFER:** A family with the welfare of the community at heart — that's the Schafers. Carl (left) is mayor of the Township, sworn in for his second term as Commissioner on New Year's Day. Robert is the new fire chief, also sworn in on New Year's Day. A former Borough resident, Robert is now a constituent of his brother's in the Township.

"Certainly in Princeton, we are reasonable people, we are aware of the problem, we can provide the means to solve it, and solve it we must, and soon."

**Rejects Extremes.** In regard to municipal cooperation apart from schools and specifically in regard to consolidation, Mayor Patterson said on New Year's Day that he deplored the two extremes: "one which would have complete municipal consolidation regardless of financial or any other consideration, and the one which would discourage any dialogue between Borough and Township regardless of the advantages." He pointed out that Borough residents would certainly not be willing to pay higher taxes to achieve complete municipal consolidation. (The Dilley report concluded that consolidation is not feasible for at least a generation because of the Borough-Township tax gap.)

But he added, "Nor do I believe that the Borough is so protective of what he already has or will soon lose, that he would not be willing, under some equitable plan, to share what he now has, or will soon have."

"Our relationship with the Township is an excellent one," the Mayor went on. He spoke of Township-Borough agreement on site and plans for the new joint library, the joint development of Community Park for recreation, the joint acquisition of open space and the agreement on sharing expenses with the Township by applying a tax-savings formula.

The mayor warned, however, that if relations with the Township deteriorate in any important way, the deterioration will result and, in fact, has resulted not only in serious rifts between the two Princeton's, but in division between neighbors and between neighborhoods within each community.

"We must heal these rifts," Mayor Patterson said, "before it is too late. What we have, we must not lose."

The mayor reminded Borough and Township residents that some recommendations of the Dilley report for joint endeavors have already been stated.

He said he has asked the Borough's Board of Health to consider the Dilley recommendation for a joint Borough-Township Board; be cited the Borough's adoption of a building code identical to the Township's and he said that Borough and Township planning boards have begun to talk about a regional board.

Referring to plans for a new Borough Hall, the mayor said, "Again, I would emphasize that construction of a new Borough Hall, as planned, in no way bars political consolidation with the Township in the unlikely event that might occur in the reasonable future."

Master Plan Needed. In other remarks, Mayor Patterson produced the Planning Board on its master plan work. "It is imperative that the Planning Board make progress in recommending any changes in the master plan so that the zoning changes that

may be necessary can be adopted sooner than later, and not on a piecemeal basis."

Like the Township, the Borough is subject to increasing pressures for zoning changes: for apartments, for middle-income housing, for an educational zone (which the Township already has).

The mayor acknowledged the density of Nassau Street by referring to the need for a truck by-pass, and he pointed to last week's announcement of a realigned Jackson Street as a step toward relieving some of the Nassau Street slum.

With Mayor Schaffer, Mayor Patterson has been in touch with Governor Richard Hughes regarding the by-pass. Because of the change in the New Jersey legislative focus from Republican to Democrat, it is hoped that the by-pass legislation can gain legislative approval this year.

Mayor Patterson warned his constituents that the library and the swimming pool and the tennis courts would mean higher taxes in 1966, with the full impact due in 1967.

**Township — Looks Ahead.** Mayor Schaffer also issued a tax warning: "In his New Year's Day message pointing to library and recreation as two increased services that bring with them increased costs. Very few people would disagree with the fact that both of these services are worth the increases they cause," the Township mayor said.

He added his hope that recreation could be worked out on a pay-as-you-go basis so that increasing costs are contained. And he added his pride in the fact that the Township's local tax rate has decreased for three consecutive years.

Mayor Schaffer, like his Borough counterpart, spoke of the cooperation that exists between the two Princeton's, library and recreation, he said, would have been quite impractical "without the cooperation of the Borough."

"We feel that much can be done for both municipalities if our cooperation continues when and where

**COUNCILMEN CONTINUED.** Alfred E. Sarsenon (left) and William H. Walker began new three-year terms on New Year's Day as members of Borough Council. Mr. Walker is starting his third term on the governing body, Prof. Sarsenon his fifth.

it is advisable," he said. "Where joint boards or committees will prove beneficial, we shall continue to use them."

Mayor Schaefer promised studies of regional planning, housing and health in line with Duley report recommendations, and he said that some preliminary work had already begun.

On the job. Re-organized Borough and Township for 1966 was a routine matter on New Year's Day, although the

Borough's traditional ceremonies were sparked by the unexpected presence of Governor Richard Hughes, who came to have his picture taken with the Borough's lone Democrat, Mrs. Marie Cuan, newly-installed tax collector.

In the Township, Burton Feskin was sworn in as the only new Committeeman. Mayor Schaefer, re-elected last fall, was chosen mayor again by his fellow Committeemen.

Harold Erdman has moved from the Township Zoning Board to an appointment on the Township Planning Board, replacing Gerald Brees, who has resigned from the Board because he will be out of the country for most of 1966.

It is expected that Hans K. Reider will be chosen chairman of the Planning Board to replace Mr. Brees.

Mr. Erdman's appointment leaves a vacancy on the Zoning Board, which Committee hopes to fill before the end of January.

## MASTER PLAN READY

For Township, in July. A final wrap-up of the Township's Master Plan will be accomplished by mid-July. Committee said on Monday night.

The Master Plan would have been ready in 1965, Mayor Carl C. Schaefer said, except for the time that had to be given to the 1-93 route problem, to the zoning ordinance and to letter-writing about a 200-A by-pass. Committee, in a brief session, also passed a temporary appropriation of \$235,000 to carry the Township along until the full budget can be passed in mid-March.

## TOPICS Of The Town

**HOSPITAL NEEDS MONEY**  
In 30 days, "We beg it," said George W. Conover, president of the Board of Trustees of Princeton Hospital, in revealing the hospital's sudden need to finance its major building program now at midway point. (See advertisement, page 17.)

"We must ask the people of the Princeton area for \$615,793 now—in cash, securities and pledged to be paid over the next three years," Mr. Conover stated. "There is no alternative."

The hospital has a pledge of \$250,000 from an anonymous donor, but only if the additional \$615,593 can be raised by the end of January.

The acute and unexpected financial crisis came to light last week when bids were opened for construction of the "J" building, a two-story addition which will provide a 42-bed medical surgical unit and an enlarged facilities for x-ray and laboratories.

The seven bids were all within 10% of each other," stated Mr. Conover, president and chairman of the building committee. "We accepted the low bid of \$2,670,400 from Fred J. Brotherton, Inc. The high bid was for \$2,825,500."

**Must Build Now.** "The 'J' building must be built now to give proper care to the Community," Mr. Conover emphasized. "The demands of the present, require it. Delay means even higher costs."

Contributions to date for the Building Fund total \$1,540,241 in cash and \$614,168 in pledges for a total of \$2,154,409. Expenses are \$1,745,502, including the cost of the service building completed last year.

The "J" Building bid, plus \$54,800 in equipment for the building, plus the \$1,745,502, come to \$4,470,202. The deficit then is \$2,315,793. Trustees had previously arranged for a loan of \$1,450,000, leaving \$865,793 as a balance. The so-called "challenge" offer of \$250,000 reduces this to \$615,793.

"The hospital cannot bear the burden of more than \$1,500,000 of debt, even if lenders would approve it," Mr. Conover observed. "And we must accept or reject the low bid within 30 days."

**FINAL SCHOOL SLATES**  
Race in Borough. Three members of the steering committee of "S.O.S.", the anti-merger group, will face three pro-merger candidates for the three available seats on the Borough School Board. Election day is February 8.

The S.O.S. slate consists of Stuart Carderis, 125 Liberty Place; Dr. Alfred S. Cook Jr., 242 Prospect and Mrs. Kathleen Edwards, 240 John Street. These three candidates will face two pro-merger incumbents, Dr. Robert A. Lively, 39 Union Place; John A. Beckland, 312 Prospect and Mrs. Arthur F. Wagner, 19 Jefferson Road, who is running for the first time.

**No Race in Township.** It's three for three in the Township, George Grace, Pretty Brook Road, and Charles Jaffin, Rosedale Road, will both join when Herbert Bailey, 33 Run Road, is the third candidate for the third seat. Mrs. Joe Epstein is not seeking re-election because of the pressure of duties on the State Board of Education.

Joseph Bechelder, 456 Riverside Drive, took out a petition but decided against running. "When I found that Mr. Grace and Mr. Jaffin wanted to run again and that Mr. Bailey, who had been chairman of the citizens' advisory committee planned to run, I changed my mind," Mr. Bechelder said. "I agree completely with all three of them on the issues that face the township, so there would be little point in running against them. We need a united front for the future."

**SIX FOR FOUR**  
West Windsor Race. Six residents of West Windsor have

George W. Conover

filed petitions for the three available seats on the school board. Incumbents Walter Dimitruk, Joseph W. Calby and Stefan Gazy are seeking re-election. Mr. Gazy and Mr. Calby were appointed to the board in 1963 to fill vacancies.

Robert C. Duncan Jr. and Mrs. Anne V. Chlaigher will run against them. Donald Perrine, elected to the board last February, is the only candidate to file for the one-year term.

**READY TO STUDY?**  
Adult School to Begin.

Patience may talk about their adolescent children, seamstresses may learn a new method of sewing, theatergoers may talk with one another about McCarter's spring plays during the spring term of the Princeton Adult School starting January 25.

A complete curriculum list is on pages 24 and 25 of this issue of TOPIC TOPICS. The school will offer 45 classes this spring and because some classes are limited in size, registration should be completed as soon as possible.

One of the new offerings will be "A History of American Negroes" to be given by John Talbot of the Hun School. In 1964, Mr. Talbot led a group of college students in a work-camp project in Liberia and last year he taught at the Palmer Institute for Negro high school students in North Carolina under a Ford Foundation grant.

The parent discussion group grew out of the course offered in the fall in conjunction with the Family Service Agency of Princeton. In that course, parents of toddlers explored their problems under professional guidance and the experience was successful that parents have continued to meet although the semester is over.

The new course will be offered for parents of children 6-10, 11-15 and 15-18. Once again it will be directed by trained experts in family relations.

Those who take the theatre course will meet on Friday nights after seeing the McCarter plays. The sewing course will instruct seamstresses in the bishop method of clothing construction. In addition, there will be a course in tailoring and a new advanced course in covering specialized sewing skills.

Mrs. Margaret Kennard Johnson of the Museum of Modern Art will teach a class in "Design As Structure of the Visual Language." In this class, pupils will take experimental approaches to drawing, painting and collage. Three-dimensional problems will explore the influence of materials on form, using wire, metal, balsa wood, metal or wax. All materials will be supplied as part of the course.

**TEACH-IN AID SPEAKER**  
Forum This Thursday. A teach-in supporting American action in Viet Nam will be held this Thursday at 8:00 p.m. in McCosh Hall on the University campus sponsored by the Princeton University Conservative Club and the New Jersey Young Americans for Freedom.

## Round-Up

**SOMETHING'S MISSING:** Neither Christmas nor New Year was white, and that's a bit unusual—sufficiently so that a total lack of snow before for the first of the year has been recorded only about ten times in the past 95 years. Source for such a statistic is Princeton's weatherman, David M. Ludlum of Science Associates. What's more, if it doesn't snow in the next week, a record-breaking back a dozen years will be broken. In 1854, there was no snow until January 5, a mark that has not been equaled since that time.

The reason is logical enough: December 1965, was both warmer and drier than usual. The latter trend served to emphasize the long drought, which is now in the early months of its fifth year. Only enough, 1965 did have a total snowfall that was better than 25% above normal—28.6 inches, falling from January through early April. If you recall, nine of that arrived all at once on Sunday, January 10, and the last 2.5 came as late as Friday, April 2.

Weather Bureau records show, Mr. Ludlum reports that the year which has just ended was the driest New Jersey has ever experienced. Total precipitation was only 28.6 inches, well below the previous low of 34.7 set in 1963.

Normal rainfall in a year's time around here is 45.5 inches, and it hit once at least, rained as much as 63.3 inches in 12 month. That was in 1963.

July — one of only three months last year that produced above-average rainfall — made a noble effort to break the drought. On the 11th, 2.55 inches fell within 24 hours and while that amount is not quite equalled on the 17th, there were times that day when it seemed wise to make a run for the Ark. In a space of three hours, 2.5 inches fell — more than we frequently get in 30 days.

Temperatures last year were a shade cooler than normal, failing to set records at either the minimum or maximum levels. The coldest day came early in 1966, a reading of 23 above zero slung into the books on January 15.

Summer had barely arrived when two blizzards of 24 were recorded, on June 23 and 29. Contrary to normal weather trends, January with an average of 28.9 degrees was colder than February: July was the hottest month, averaging 74.7 degrees.

You Save Money, Too

Wife go down south  
To the sand and the sun?  
It's warm here in Princeton  
And just as much fun.

Well, there may be some good answers from sand and sun lovers, but it has been a mild winter so far. You can read all about it in the next column.

More of the same for a day or two, with a cooler trend setting in before the weekend arrives. The snow and ice will come along — statistics show that winters which begin warm usually end up in the deep freeze.

**A SHADE SAFER:** Mercer County listed 44 traffic fatalities last year, four less than in 1964. However, New Jersey's state-wide total hit a new peak with 17 more.

The total number of deaths on the highways here was 1,653. This is almost as many lives as America has lost since the fighting began in Viet Nam, five years ago.

**A LOOK INSIDE:** How do you feel about boys who wear their hair as long as girls? Four who are pictured on page 19, and their answers, together with some of their contemporaries and others who are older, make an interesting question of the Week. For opinions on a matter of considerably greater import, see News of the Churches, page 35. There various Princeton clergymen give their views on the Epiphany Study, which begins Sunday with sermons by the participating pastors.

Princeton's Christmas may not have been white, but it was green. TOWN'S TOPICS asked usury merchants in the area what kind of tone their cash registers hummed — for a report on their answers, see Business in Princeton, page 27.

June in January? A larger-than-usual number of engagements and weddings are listed on page 21 — basketball, hockey and swimming are listed among the winter sports covered in the sports pages (28-31). — those waiting to learn what the Princeton Adult School is planning for its winter term will find all the answers on pages 24 and 25.

**NEWS NOTES:** Mrs. Richard J. Hughes, wife of the Governor, left "America" on Monday for the University of Pennsylvania.

IT'S FOR GROWN-UPS  
Salzburg Marionette Show.  
In Europe, marionette shows  
are primarily adult entertain-  
ment, and the budding man-  
tells Marcellus that Salzburg  
marionette productions of Mo-  
rart and Strauss operas are al-  
ways sold out long before any-  
one thinks of buying tickets

OFF THE GROUND: Dancers in the Robert Joffrey Ballet  
company dance in the air as well as on the stage and floor. The  
youthful exuberance of the company is part of its charm.  
Don't worry—they can come down. Princeton will have a  
chance to see the troupe on Sunday, January 16, at 3 p.m.  
at McCarter, sponsored by the Princeton Ballet Society.

For the children's shows.  
Just a way of luring Prince-  
ton customers to the Salzburg  
Marionette company produc-  
tion of Mozart's "The Magic  
Flute" to be given in McCar-  
ter this Sunday at 8. As one  
critic observed vividly, marion-  
ette tenors are always lean  
and handsome, marionette so-  
pranos always slim and lovely,

way you have to see to believe.  
"Room at the Top," which is  
anything but mirth and merriment,  
has been booked for  
Wednesday, January 12. This  
1958 film, a milestone in the  
"kitchen sink" school of real-  
ism, describes the ruthless  
climb to the top of a young  
Englishman, Laurence Harvey,  
and Simone Signoret star.

HO, HO, HO!  
Merriment at McCarter. The

will ring in the new year this  
Friday during the "Mirth and  
Merriment" film presentation.

It's a wild and far-out pro-  
gram, including the feature,  
"Kind Hearts and Coronets"  
with Valerie Hobson, Joan

knows, the great Alec Guinness  
playing eight different char-  
acters, each one murdered in a  
fanciful way.

TWO FROM NEW YORK  
The Fred. The original off-  
Broadway company of "An  
Evening's Frost" will appear  
in McCarter Theatre Mon-  
day, January 24, at 8:30. Will  
Geer stars America's top  
laureate, Robert Frost, in a  
production full of laughter,  
close to tears and memorable  
for its evocation of a beloved  
American.

"An Evening's Frost" was  
originally produced last sea-  
son at the University of Michi-  
gan as part of its professional  
theatre program; it opened in  
October in New York to high  
praise from the critics. Besides  
Mr. Geer, the cast includes  
Jacqueline Brooks, Donald  
Davis and John Randolph.  
Marcella Cliney is the direc-  
tor.

Before Frost, there was  
Shaw. But not much before  
"The George Bernard Shaw  
Story" will be told in McCar-  
ter this Saturday at 8:30 by  
Bramwell Fletcher in an auto-  
biographical portrait detached  
from Shaw's own words.

Mr. Fletcher has made the  
entire Shaw canon for his ma-  
terial, including much that has  
never before been used on  
stage. He has collected Shaw's  
ideas on a wide variety of  
topics and arranged them them-  
atically for theatrical presen-  
tation, rather in the style of  
Hal Holbrook for Mark  
Twain and Evelyn Williams  
for Charles Dickens.

## IT'S NEW To Us

### SWEET TOOTH?

"Sincerely Yours" When you pop a raspberry liner into your mouth you'll say it has more butter per crumb than any cookie ever made or etc. but then you'll try the chocolate liner and then, immediately, the spiced liner... well, there's no place to stop. "Sincerely Yours" is the name of the new confection shop at 185 Nassau, a shop with everything but the cup of hot tea to sip as you nibble the Luttery petit fours.

Those petit fours are so light you get about 30 to a pound, so individual that you may choose from chocolate or light-colored flavors, or mix them in your pound at you will.

Jam-filled Ovalettes, strawberry or chocolate leaves and almond presents compete with run fingers and jelly-filled "bow ties." Light an afternoon fire on a dark day, bring out the bright tea service and tell your guests to help themselves: we counted 27 different cookies arranged on trays in the cookie case. Candy? Of course! Sincerely Yours buys its candy from houses that specialize in certain kinds: chocolates from one, marzipan from another, and so on. Continental styles, like truffels are an important specialty. Prices vary, but Sincerely Yours' chocolates are about \$2.25 and \$2.40 a pound, loose — that is, in bulk. A pre-packaged box is about \$2.15, assorted.

We were so caught by the dark richness of that chocolate case we found it hard to move on, but a row of apocryphal jars full of delectables drew us to another corner of the shop.

Here are lemon drops and crystal mints, assorted toffees and pure honey drops, mostly for 79 cents a pound. Hazelnuts fill some of the hard cookies, coffee flavors fill others. Remember those minuscule magnolia cordials? Each is about the size of a pea, a different pastel color from its scented neighbor. Next to them are the rum or coffee cordials to combine after-dinner coffee and nibbling dessert.

Fruit jellies at Sincerely Yours are shaped like grape clusters, pineapples, lemons or apricots. Try a gum-drop, it's soft and easy, not the least gummy in texture. Spiced jelly strings at 79 cents will invite you to a snack. Have a mint drop?

### Cookies, Please

Or can't? The new Sincerely Yours shop loves to take custom packages for you. Spend as long as you like selecting cookies, chocolate or party nuts, and the shop will pack your selections with loving care and mail them anywhere.

Here in Princeton, Sincerely Yours will deliver your gift free of charge, to Princeton Hospital, no matter how distant a get-well gift you choose.

If your present goes somewhere else in Princeton, delivery is still free, but there is a \$3.50 minimum purchase.

### GO, GO, GO!

Around the World... In 80 days. That's what they promise at American Express, and we're ready to leave on January 24, the date the SS Rotterdam sails from New York for 21 ports on four continents.

First stop is Funchal, in the Madeira, with Funchal, Naples, Athens, Alexandria and the Suez Canal all lined up on the itinerary. Touching Ceylon and Malaysia, crossing the equator near Bali and doubling back to visit Singapore, Bangkok, Hong Kong and Japan, the SS Rotterdam visits Honolulu and even considers San Francisco as just another port along the way, because after San Francisco, there's Acapulco and the Canal Zone before you're back in New York, January 24 to April 19 — and what a lovely way to welcome the spring!

The Queen Mary herself turns into a cruise ship on February 23 for a breeze around the Mediterranean, rounding 26 days to cover the Canary Islands, Tangier, Athens, Naples, Cannes, Palma, Gibraltar, Lisbon and Madeira. You'll be served breakfast in bed at one end of the day, and you'll have midnight buffet at the other. The Queen has a swimming pool, Turkish bath and gymnasium so you can work off those midnight buffets in time for the next midnight.

American Express is particularly happy about its summer escorted tours, starting at \$648, including sea or jet fare. You have 20 itineraries to choose from. How about three weeks in the Alps, visiting St. Moritz and Chamonix, Oberammergau and Solberg and cruising along the Danube before a three-day stop in Vienna? Or, try the Dalmatian coast and its crazy mountains. American Express will be happy to describe the other 18 all in them by air-conditioned buses with wide, relaxing seats and wrap-around windows to let you see the whole show on the road.

West Indies visitors may select Holland-American Line's cruise vacations. If Monday, January 17 doesn't leave you enough time to pack a bikini, consider Saturday, February 19 and a cruise to the Virgin Islands, Martinique, Barbados and on to Venezuela, Jamaica and the Bahamas.

A five-day Easter Cruise, leaving New York on April 7, will take you on the air-conditioned Queen Elizabeth to Bermuda. You can combine vacations by swimming in Florida and enjoying the "Carnaval in" at Fort Lauderdale for a West Indies cruise. There's a sailing on January 11 and 24 more in February, two in March and one in April.

American Express, at 10 Nassau, will welcome you aboard.

BUT WHAT TO WEAR? Gough Will Help. A nubbled suit in cheerful watermelon pink, by Vera Maxwell, will see you off on your cruise. Elise Gough, a new outlet for Miss Maxwell, has the watermelon dress, sleeveless and unassuming, with casual, colored jacket. Half-inch, multi-

color fringes emerges playfully from the edge of the square neckline and gives a nice edge to the collar.

Vera's at it again with bright colors, this time with a dash of raspberry linen princesses, banded with rows of colored

## AFRICA IS NEXT

In Film Adventure Series, "Africa Safari," photographed by explorer Quentin Keyes, will be shown at 7:30 p.m. on Tuesday at the Princeton Playhouse under the auspices of the Kiwanis Club.

Mr. Keyes, nephew of economist Lord Keynes and great-grandson of Charles Darwin, will narrate the film. The film travels north from Cape Town, through South West Africa, Bushmanland, Rhodesia, Tanganyika (now Tanzania), and Uganda, observing the patterns of bird, animal and reptile, tracking the elusive mountain gorilla at 11,000 ft., facing a savage rhino charge, and watching the devil-like dance of the masked Molelele.

The film is the last in the travel-adventure series sponsored this season by the Kiwanis.

**WILDLIFE FILM SET**  
 By Audubon Society, "New England Sage," a color film of New England wildlife and the effects of environmental changes, will be presented by the Trenton Naturalist Club at 8 p.m. on Wednesday, January 12, at the Trenton Junior High School No. 3, West State Street at Parkside Avenue. The Audubon film will be narrated by the photographer John D. Baker, a member of National Audubon Society. Tickets at \$1 for adults and 50¢ for students will be available at the door.

**It's New To Us**  
 —Continued from Page 7—  
 neck-around the wide neckline and the hem. It comes in lemon, too.

Yvra Maxwell's pale beige three-piece suit is a stir of linen, cotton and rayon, blending in a squarely subdued weave and enhanced with curves of crocheting around jacket, collar, pocket neck and sleeves. Typical colors for tropical travelers: low, at Miss Goupil's shimmer of tropical silks. Here's one in hot pink laced with orange juice, marked at waist with rolled, flat scrolls, protected across the shoulders by a cushion sole in precisely the same print.

Stoles again on a blue-green stained glass silk print. The designer is McMillen, but he's not alarmed: those favorite McMillen classics, with that dear old McMillen collar, are as faithful as ever.

A lined princess silk with beige background has Chinese-style print so artfully printed that you'll swear it's raised embroidery. Ripe red strawberries bloom with yellow daisies against the aqua silk of another holiday dress. This one has petal collar, cap sleeves and a wide and breezy neckline.

As a change from silk, Miss Goupil offers a finely crinkled crease of tawny pink and a bouquet of greens. And as a change from short, Miss Goupil offers long. Here's a floor-length silk of orange poppies and green leaves with a soft collar all the way around its wide neckline. A printed cushion sweeps the ground with its yellow forsythia protected by soft pink and a wild bouquet of fascias presents its brazen coral against a jungle of blues and greens. This cover has a squared neckline, all the long legs have briefly capped sleeves.

Going to Hong Kong? Take Miss Goupil's Hong Kong silk in Chinese cheery with far-flung navy jacket hanging cool and free and appliqued with a Chinese border of the brilliant green.

If the evening is cool—and our vacation wish to you is that the evenings be too cool—Elise Goupil has a casual blue jacket, luscious coral, curved around the hips. Toss it over the ship's rail if the evening is warm.

### Did You Give a Book for Christmas?

Many did. Not merely the big, so-called "coffee-table" but the real reading kind. And oddly enough, customers kept right on using the public library even though Christmas pressed in all around. The 10,000 circulation mark in December and the children's department, 9,000. These are the books that found their way to the most Christmas trees.

#### FICTION

"The Source," James Michener. Almost an old favorite by now. (Princeton Book Mart, University Store).  
"Up the Dam Staircase," Red Kaufman. Another favorite from months gone by. Apparently a case of "I liked it, so I'll give it." (Male's Book Shop).  
"The Schastien Affair," Frederic Morton. Spies' (Public Library).

#### NON-FICTION

"A Sense of Wonder," Rachel Carson. A beautiful volume with words and pictures to love for a long time. (Princeton Book Mart, University Store).  
"A Thousand Days," Arthur Schlesinger. Enough reading to keep you going until next Christmas. (Male's Book Shop).  
"The Pankovskys Papers," Oleg Pankovskiy. Talk about spring! (Public Library).

#### RECOMMENDED . . .

"The Stride Venturer," Hammond Innes. Adventure fiction. (University Store).  
"Dreams and Dreams," Norman MacKenzie. No. 10. Freud; a fascinating antiquity-history-folk book. (Princeton Book Mart).  
"A Sense of Wonder," Rachel Carson. (Male's Book shop).  
"Everything That Rises Must Converge," Flannery O'Connor. Short stories written by this gifted writer just before her death. (Public Library).

Princeton commuters mostly managed to reach their places of work despite the New York transit strike, largely because so many of them are within at least emergency walking distance of their desks after taking the Pennsylvania or Reading Railroads . . . but some of them were among the thousands who were temporarily locked out of Penn Station in New York when it was closed for 60 minutes Monday after the crush hour had reached an unsurpassable peak.

Young Americans for Free-

dom, who back U.S. policy in opposing the communist forces in Viet Nam, will stage a teach-in this Thursday on the Princeton campus. They charged this week that leftists are planning "rowdy demonstrations and heckling" in an attempt to defeat efforts and hoped that "President Robert F. Goheen will insure order at the teach-in" so that their side may be heard.

**PROGRESS REPORT:** A Princeton woman who has long been a veteran administrator at one of the town's largest rummage sales passed on this trend-of-the-times observation: "We have finally reached the point where most of the men's trousers we are selling have zippers instead of buttons."

Also Charles Wiley, journalist recently returned from Viet Nam, Austin J. App of Lafayette College, head of the Captive Nations Committee, Philadelphia division, Vincent Kramer and William Fitzpatrick of Rutgers.

#### LOSSES LICENSE 10 DAYS

For Reckless Driving, Hugh C. MacGill, 35, 131 Westcott Road, was fined \$30 Monday by Borough Magistrate Theodore T. Tamm Jr. and had his license revoked for 10 days or reckless driving.

For speeding, John J. Willard Jr., 31 Woodside Road, was paid \$30, while a real high violation cost Eugene Schiavone Jr., 30, Millstone River Apartments, \$12. Mrs. Jane M. Waters, 44, 465 Nassau Street, was fined \$15 for obstructing the passage of other vehicles, and Richard W. Westerman, 46, 265 Stockton Street, \$10, for failing to set his hand brake.

The Division of Motor Vehicles has announced the suspension of licenses of three Princeton area drivers.

For speeding, Erwin Donath, 50, 124 Heather Lane, surrendered his license for 30 days, and Robert L. King, 29, North Star Avenue, Hopewell, his for one month. Mr. King was convicted in Connecticut under a reciprocity agreement.

Arnold R. Vooches, 32, R.D. 4, lost his license for three months under the point system.

## MUSIC In Princeton

**TO SING STRAVINSKY**  
"Symphony of Psalms." The  
singing singers of the Princeton  
High School choir, under the  
direction of William Trego,  
will perform Stravinsky's  
Symphony of Psalms this Sunday  
at 3:30 with the musicians of  
the Princeton University Sym-  
phony Orchestra.

The concert, directed by  
Nicholas Harsanyi, will be  
given in Alexander Hall and  
is open to the public without  
charge. It is the first joint con-  
cert to be given by the Uni-  
versity's orchestra and by the  
choir.

In addition to the Stravi-  
nsky work, the program will in-  
clude Beethoven's overture to  
"Egmont" and Schubert's "Fin-  
landia," in commemoration of  
the centennial of Schubert's  
birth.

**BY STRINGS, OUTSIDE**  
By Aeolian Players, Cham-  
ber music devotees will have a  
bonus this Monday at 8:30  
when the Aeolian Chamber  
Players visit 10 McCosh Hall  
on the University campus for  
an "Outside the Series" con-  
cert sponsored by the Uni-  
versity Concerts Committee.

The four players — violin,  
flute, clarinet and piano —  
will play the Trio Sonata in  
G major by J. S. Bach; the Trio  
in F major, K. 496 by Moz-  
art; Bartok's "Contrasts"  
(1938); Martin's Madrigal  
Sonata and "Contra Mortem  
et Tempus," by Rochberg,  
written for the Aeolian Cham-  
ber Players.

The musicians banded to-  
gether in 1961 to bring before  
the public a neglected rep-  
ertoire of chamber music for  
strings, winds and piano. The  
Players perform in various  
combinations of two, three and  
four instruments.

**DOC WATSON COMING**  
With Folk Songs, Blind Doc  
Watson, accomplished on gi-  
tar and banjo, sings an infinite  
variety of folk songs, old-time  
songs and ballads in a style  
which is wholly personal and  
at the same time, deeply tra-  
ditional.

Watson will bring his guitar  
and banjo on stage this Sat-  
urday at 8:30 in Alexander  
Hall on the University cam-  
pus, wearing the banner of the  
Princeton Folk Music Society.  
Inc. Tickets are on sale at the  
Princeton Music Center, Pal-  
mer Square, the University  
Store or at Alexander Hall the  
night of the concert.

Old-time friends of Doc's  
from Deep Gap, North Caro-  
lina — Fred Price and Clint  
Howard — will join him on the  
Alexander Hall stage. Both Mr.  
Price and Mr. Howard are  
widely-known folk artists in  
their own right.

Doc Watson will be making  
his first appearance in Prince-  
ton, but he is familiar to folk  
fans who have been to Car-  
negie Hall and the Newport  
Folk Festival.

**ORGANIST TO PLAY**  
At Westminster. Composi-  
tions by famous composers for  
the organ, including a fantasia  
based on an actual improvisa-  
tion by Marcel Dupre, will be  
performed by George Faxon in  
a recital of organ music at  
Westminster Choir College  
Chapel next Tuesday at 8. The  
public is invited to attend.

Mr. Faxon is organist and  
choirmaster of Trinity Church,  
Boston and associate professor  
of church music at Boston Uni-  
versity. A Fellow of Trinity  
College, London, he is well-  
known as a recitalist in this  
country and Europe.

His program will begin with  
Bach's arrangement of the  
Vivaldi Concerto in A minor.  
He will also play "Clacon"  
(Aria and Variations) by  
Fasch; the Tocatta and  
Fugue in D minor of Bach;  
Robert Schumann's Study in  
B Minor; Max Reger's Fantasia  
on the Chorus, "How Brightly  
shines the Morning Star," a  
Scherzo-Fantasia by Carl Mc-  
Kinley; a Pastoral by Rene  
Rabey and Marcel Dupre's  
Fantasia on "Adeste Fideles,"  
following an improvisation by  
St. Dupre.

smashing of 18 parking meters  
on Nassau Street between  
More and Pine Streets. "The  
glass on the sidewalk side was  
broken in every case," said  
Chief Peter J. McCrohan.

Allied acts were the snap-  
ping of two small trees along  
Houghton Road near the high  
school and uprooting of a post  
supporting a "Kimbie Funeral  
Home" sign in front of the  
home at 1 Hamilton Avenue.  
The glass sign had been  
thrown in a flower bed.

"You can practically trace  
their path down Moore Street  
and up Nassau," said Chief Mc-  
Crohan. He added that the po-  
lice had picked up some juve-  
niles and were questioning them.

Mrs. Melvin Tamin, 119 Pitts-  
Randolph Road, reported that  
the front windshield of her car  
had been shattered by a BB  
bullet while in the Park Place  
yard behind Davidson's Mar-  
ket. The incident took place  
last Wednesday.

### THEFT REPORT

Lather, Mofor Taken, Alfred  
Haid, 301 Nassau Street, told  
borough police that during the  
last two weeks a metal lathe  
valued at \$199.50 and an elec-  
tric motor and a blacksmith's  
anvil, each worth \$10, had  
been stolen from a garage at  
the rear of his apartment  
house on the corner of Prince-  
ton Avenue. Police said there  
were no signs of forced entry.

In other thefts, Mrs. Grace  
Biddle, Route 27, reported the  
theft Saturday of her purse  
from a closet while she was at-  
tending a party at 5 Green-  
holm. She told police her tan  
leather bag had contained \$25  
and personal papers.

Clothing apparel, most of it  
new and valued at \$175 was re-  
ported stolen Friday by Frank  
S. Gaitlin of Philadelphia. Mr.  
Gaitlin said the items had been  
taken from his car parked on  
Lytle Street between 7:30 and  
8:45 p.m. Although the owner  
reported his car had been  
locked, police said there were  
no signs of forced entry. A  
man's \$60 overcoat and a woman's  
\$65 coat were the most  
expensive items taken.

Earlier in the week, police  
said \$27 in cash had been taken  
from a professor's desk in  
the Green Annex Building on  
the corner of Nassau and 2nd  
Washington Roads. The theft  
was reported by campus police.

## BE PREPARED

With winter vacation activity in full swing, more and more families are turning to their health team — the physicians and Thorne's Pharmacy — to get added mileage and enjoyment out of their trips.

Like many things, good health can't be taken for granted. Checkups with family doctors are essential before departure. So are visits to The Thorne Pharmacy to stock medical kits with prescriptions, medications, and first aid items.

Vacationers with chronic conditions such as diabetes, heart disease, asthma, arthritis, epilepsy, to name just a few, are well advised to carry sufficient drug supplies to last the entire trip. Travelers should also be prepared for minor afflictions to cover embarrassing situations, antidiarrheal agents, and antifungal preparations.

**OBSCURITIES PAINTED**  
On Teacher's House, Two 16-year-old township youths have been arrested and referred to Mercer County Juvenile Judge J. Wilton Noden for painting obscenities on a house at 237 Moore Street. It is presently occupied by Miss Claire Higgins, a teacher at nearby Princeton High School. Township juvenile officer Walter Ennam said the youths were picked up the day following the incident which police believe occurred about 1:30 Saturday morning. The obscenities were painted in large letters in brown on the front and side of the house.

**GO TOWARD PERCENT?**  
United Fund at 98%. With only \$8,153 to go before its \$423,420 campaign goal, the United Fund-led Cross this week urged Princeton to give that final push to a full 100%. As of Tuesday this week, the total is \$415,267. "We're ahead on percentage compared to last year," observed William Coley, executive director of the Fund, "but we need that last \$8,153."

The 1963 campaign found it self with a "new money" to raise as a result of the shifting community picture. The Fund lost \$1,000 in special gifts, chiefly due to the death of substantial contributors. In addition, the departure of the Hercules Powder Company, Princeton, has been a hit and major increase in research money. Mr. Coley said.

and an increase of \$10,000 from the Hightstown area. "They are carrying their weight in Hightstown, and more," Mr. Coley remarked. Payroll deductions are up this year, and the Fund is delighted with its success in this department, but that \$8,000 gap remains.

**GETTING INTO COLLEGE**  
Four Meetings Planned. Parents of high school juniors — or others who are interested — are invited to a series of four workshops on college admissions to be held on consecutive Tuesdays, January 14 through February 1 at 8 p.m. in the Princeton High School cafeteria. Aiden Dunham, director of admissions at Princeton, will open the series next Tuesday with a talk on trends and practices in college admissions. On January 18, George Petrillo, junior class counselor at Princeton High, will explain the college selection process and the responsibility of high school juniors.

The last two programs will be panel discussions. On January 25, a panel on financing college will be composed of W. Bradford Clark, director of student service and the Bureau of Student Aid at Princeton; George Davies, assistant program director of college scholarship services for the College Board; Princeton division of ETS and Mr. Ethel Thorne, college counselor at Princeton High. The final program will be a question-answer evening. Answers to parents' questions will be given by Miss Jean Harvey, director of admissions at Douglass College; Howard Green, assistant admissions counselor at Princeton; Deane Delheimer, formerly of Gettysburg College; and Mr. Alton Byr, program director for the College Board Guidance Service Division, ETS.

**"YES" TO SEMINARY**  
But Zoning Must OK. Two So far as the Borough Planning Board is concerned, Princeton Theological Seminary can go ahead and build its three-building "Corporation Yard" across College Road from Springdale Golf Club. Zoning regulations require approval of the Planning Board if two or more buildings are to be built on one lot. The Planning Board gave the Seminary a unanimous "go ahead."

The Seminary will now go before the Zoning Board on January 27 to ask for a side yard variance.

The "Corporation Yard" will consist of a garage, maintenance shop and a steam power plant housing three boilers, a room for two more. The three one-story buildings, arranged in a "U" facing College Road, will be screened from University apartments on the west by a six-foot wall, and by trees and barriers from the property and the street. There will be no line main tenance shop on the University side.

Michael Erdman, speaking for the Seminary's planners, said that the Seminary has been buying steam heat from the University for some months but has been unable to

it will have to go elsewhere for its heat by the end of the year. Construction of the steam power plant, Mr. Erdman said, would make the Seminary independent of outside sources for its heat.

The Board asked whether the "Yard" might not generate traffic as well as steam, but Mr. Erdman and Frank Reiche, representing the Seminary, said that only 10 people would be working at the "Yard" and that there would only be a few small vehicles in the garage. The Seminary will lose 20-25 parking spaces and its swimming pool, Mr. Erdman said. He added that additional parking will be picked up when the Seminary takes over the present Borough Hall.

In a brief re-organization session, the Planning Board chose Arthur P. Morgan to be its chairman, succeeding Bryan Y. Morgan. The chairman are customarily chosen every two years. John H. Hedding was elected vice-chairman.

**CANDIDATES' NIGHT SET**  
For Windsor School Board. A candidates' night for those seeking election to the West Windsor School Board sponsored by the West Windsor Parent-Teachers Association and the League of Women Voters will be held Wednesday evening at 8 at the Laurier Hawk School.

Each candidate for the School Board will give a brief statement on a question submitted prior to the meeting. Afterwards, candidates will answer questions from the floor.

Mrs. David Thomas of Princeton will serve as moderator. Chairman of the program is Mrs. George Marr. The public is invited.

What make customers with perfectly normal hair reluctant to have a permanent? Chances are, they've had one that's left their hair dry and lifeless. It happens because some coloring lotions contain impurities that attack the hair's natural oils. That's why I have formulated waving lotions which leave natural oils intact, even if dry or age the hair.

With the proper permanent, you can transform an ordinary head of hair into one that looks as well as feels healthy and vital — soft, natural, and manageable. So, if you want a permanent that's gentle on your hair — but glorifies it — try my new permanent, BEAUTY MANOR, 69 Palmer Square West... or call 924-2083. I promise you'll never hesitate about having a permanent again.

instructor, Vincennes Public Schools.

They will be given at Princeton High School, at 7 p.m. on Tuesday evenings, starting February 1, 1966. Registration mail will be from January 13, 1966, in person registration at the college campus from January 16-26. Complete information may be obtained by calling Trenton State College, Division of Field Services.

WATER USAGE INCREASED

In 1965, Princeton residents used more than one billion gallons of water in 1965 — a record year, according to Princeton Water Company. Consumption was up 6.8% over 1964 and 14.2% above 1963. The water company predicts that basic water supplies will be sufficient to meet customers' needs in 1966. It obtains its water from deep wells and from the Delaware River via the Delaware and Raritan Canal.

Modernization and expansion of the company, a subsidiary of the Elizabethtown Water Company, continued during last year. According to Frederick H. Klink, secretary-treasurer, all of the standpipes and elevated tanks were equipped with telemetry controls so that storage levels can be read on dials at the Stony Brook pumping and filtration center.

The Harrison Street pumping station is undergoing extensive modernization with the installation of the newest electronic controls.

In December, the company installed equipment necessary to fluoridate the water supply, in response to orders from the Princeton Borough and Township boards of health.

ASSETS UP OVER 10%

At Nassau Savors & Loan. An increase in assets at Nassau Savings and Loan Association of more than \$1 million

during 1965 was reported this week by the president, Ralph D. Hull. At the beginning of the year, they were \$9,054,000. While on December 31, they amounted to \$10,100,000.

Mr. Hull said that the value of more than 4,000 savings accounts is now in excess of \$9,180,000. The increase in this category of \$1,250,000 is traceable in part to more than 200,000 in dividends credited to the accounts.

During the past year, Mr. Hull said, 146 mortgages were issued to home buyers in the area, with a total value of \$3,200,000. After repayments had been taken into account, the association's net increase in mortgages was \$1,120,000.

Mr. Hull forecast continued growth for the association during the next 12 months. An increase in the dividend rate to 4 1/4% is anticipated. A comparative statement of condition for Nassau Savings and Loan appears on page 32.

TWO SHOWS PLANNED

Art and Illustration. "Creative Illustration" is the theme of the January show at Mr. Carter Theatre sponsored by

the Princeton Art Association. The show will include several illustrations from "Boy's Life" magazine by Norman Rockwell, Al Parker, Fletcher Martin and Jacob Landau.

At the Art Association headquarters, 14 Nassau, the students of Stefan Martin, engraver, and Herbert Steiberg, painter, will be shown during the week of January 10-16. The work was done during the fall term at the Princeton Adult School.

Registration for the winter term of the Princeton Art Association will continue this week, and classes will start next Monday at the 14 Nassau Street studios.

Membership in the Association is required for participation in the classes. Mrs. Selden Bacon is membership chairman and Mrs. Simon Maroon is in charge of registration.

REPAIR SALES AND SERVICE

PLANNING AHEAD: Mrs. George H. Hughes, Jr., Mrs. Sterling Anderson and Mrs. Harry Heiber, Jr. discuss details of the seventh annual Princeton Antiques Show and Sale to be sponsored early in the spring by the Wellesley Club of Central New Jersey.

**Tonies Of The Town**  
Continued from page 1  
I retain his professorship at the Institute for Advanced Study. Mr. Kenyon, 60, has been a specialist in Soviet affairs since the late 1920s. He entered the Foreign Service in 1926 following graduation from Princeton University and served in Latvia, Estonia and Lithuania. Following this country's recognition of the Soviet Government in 1933, he was one of first diplomats assigned to the Embassy there. President Harry Truman named him ambassador in 1932.

He joined the Institute a year later, and in 1956, received his Pulitzer Prize-winning work on the withdrawal of the Bolshevik regime from World War I, "Russia Leaves the War," with a Pulitzer Prize. In 1961, President Kennedy appointed him to Yugoslavia, where he stayed two years.

He is now President Dr. Nathan M. Pusey said that Mr. Kenyon's new position is intended to give him broader opportunities for research and writing, and for taking part with other scholars in seminars on Slavic studies.

**HISTORIAN JOINS STAFF**  
On Temporary Basis. Arthur V. Schlesinger, Jr., Pulitzer Prize-winning, historian and former White House advisor, will join the staff of the Institute for Advanced Study in February on a temporary basis.

Mr. Schlesinger will be assigned to the rank of the Institute according to a statement by Dr. Robert Oppenheimer, Institute director. He will remain on the staff for at least one term, the spokesman added, stating that his duties would be restricted further details were not released.

**LOOKING AHEAD**  
Antiques Show in April. Two complete houses of rooms decorated and furnished with antiques will be featured at the seventh annual Princeton Antiques Show and Sale sponsored

by the Wellesley Club of Central New Jersey. The sale, which will be held Thursday, Friday and Saturday, March 31, April 1 and 2, at Princeton Day School.

"Living with Antiques" will be the theme. Visitors will see a Town House and a Country House, each completely furnished by the 30 antiques dealers who will be represented at the show. Coordinating and decorating will be done by the Princeton Decorating Shop.

In the Town House will be a garden, solarium, butler's pantry, library and 10 other rooms. The Country House, with 10 rooms, will include a sleeping room, gun room, boys' room and lake room or shed. Refreshments will be served in the butler's room from noon to 3:30 each day.

Mrs. George H. Hughes Jr. and Mrs. Harry Heiber Jr. are co-conveners. Committee chairmen are Medford Henry Broad, Fern Stafford, Walter C. Gibson, Fred W. Pardee III, James P. Crawford, William B. Cohen, Charles E. Jones, Bernard B. Lawrence, Lawrence B. Webster, Erving Dorf, George Tharner, Bryce Maxwell, Howard S. McEllis, A. William Bullock, Dana Ferson III, A. Vail Ford Jr., Theodore A. Peck Jr., Steven B. Sharp, William R. Shillbush Jr., Anthony W. Tabell and William A. Stutz.

**MEETING WEDNESDAY**  
Of Newcomer's Club. The Princeton Newcomer's Club will hold its next meeting Wednesday, January 12, at 12:30 a.m. at the home of Mrs. William A. Stutz on Avalon Place. The program, "Tips from a Beauty Salon," will be presented by Joseph Girard of Princeton Junction.

There will be a nursery provided for children over 1 and a play area. Refreshments and nursery reservations can be made by calling 882-8359.

**LEAGUE MEMBERS LISTED**  
For Reappointment Topic. The League of Women Voters of the Princeton area will discuss reappointment at its unit meetings during January. The Tuesday morning unit, meeting at 9:30 at the home of Princeton Methodist Church, baby sitting will be available. The Wednesday evening group will meet at 8:15 at the home of Mrs. David Thomas, 12 Dogwood Lane.

On Wednesday, the 12th, there will be a morning meeting at 10:10 at the home of Mrs. Robert Johnson, 420 Prospect Avenue, and another at 8:30 at the home of Mrs. William A. Stutz, 19 Mendham Road.

In West Windsor Township, there will be a meeting Tuesday, January 11, at the home of Mrs. Hugh Vaughan on Cranbury Road. The Montgomery Township meeting will be held Wednesday at 8:15.

p.m. at the First National Central New Jersey. The sale bank, Belle Mead.

**HEADMASTER TO SPEAK**  
To English-Speaking Union. Donald Lindsay, headmaster of Malvern College, one of the Branch of the English-Speaking Union, it will be held at 11:15 a.m. in the Woodrow Wilson School of Public and International Affairs on Washington Road.

Mr. Lindsay will discuss the future of independent educational institutions with respect to expanding state tax support. Currently in the United States, under the sponsorship of the British American Association, he was educated at Clifton College and Trinity College, Oxford.

Anyone interested in hearing Mr. Lindsay is invited to attend.

**CHANGE PROPOSED**  
In Hospital By-laws. The Board of Trustees of Princeton Hospital will recommend that the membership modify the by-laws to permit trustees to serve four successive years, instead of the two terms now specified, at the annual meeting of the Hospital Corporation on February 28. According to President George W. Conover, the recommendation is being made as a logical solution to the problem of providing experienced leadership for the hospital.

Mr. Conover noted that since 1956, 28 new members were elected to the board, with some serving voluntarily for moderately long terms. Up to 1962, there was no limit on the number of years a trustee could serve.

"Now the Hospital Board faces the prospect that it will shortly be deprived of the services of a majority of its members experienced in directing the institution," Mr. Conover said. "Thus the present recommendation tends to jeopardize the continuity of hospital management."

He added that it requires as much as four to six years to become fully aware of the problems encountered in the part-time volunteer service. "Now a trustee must leave the Board before he has made a substantial contribution, simply because he cannot be reappointed."

**Turnover Creates Inexperience.** He noted that within the next year, the Board will be relatively inexperienced in Hospital affairs. Only one trustee will have years of service, four will have a single year and five will be new members.

Board Of Trustees

January 5, 1966

My Fellow Citizens:

During the past three years, the Trustees of Princeton Hospital have tried to raise \$3,500,000. To date, the Princeton community has contributed \$2,154,000 toward building and equipping an absolutely essential new wing. Approximately a third of these funds have been donated by industry.

Of necessity, the Trustees were prepared to borrow the balance and have, in fact, received a commitment from a bank for a mortgage loan of \$1,450,000. With this assurance, bids were sent to seven reliable and experienced builders with the intention of awarding the contract to the lowest bidder. When these bids were opened on December 21st, they were all within ten percent of each other. However, \$865,000 is still needed of which a Challenge Gift of \$250,000 has been promised, if the Princeton community will contribute an additional \$615,000.

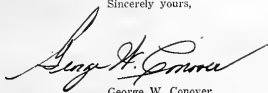

This has plunged the Princeton Hospital and the Princeton community into a desperate crisis. The Trustees know that the new wing must be built now to give proper care to the community. The demands of the present, not to mention those of the future, absolutely require the new diagnostic facilities and the additional beds which it will provide. The Trustees also know that delay means even higher costs. Finally, they know that the Hospital cannot bear the burden of more than \$1,500,000 of debt, even if the lenders would approve it.

There is no alternative.

We must ask the people of Princeton for \$615,000 now in cash, securities and pledges, which may be paid over the next three years. This means many sacrificial gifts — both big and small — to assure you and your neighbors of hospital care when needed.

We must accept or reject the low bid within 30 days. For the sake of lives at stake, we beg your support now.

Sincerely yours,

George W. Conover  
President  
Board of Trustees

GWC/jl

and still facing more expansion in connection with area population growth, the advent of Medicare and related medical problems," Mr. Conover commented.

He emphasized the need for rotation of Board members, "but not before full utilization of their abilities. We feel that our earlier estimate of the proper limitation on length of service was erroneous, and we now suggest the change."

At the February meeting, five trustees will be elected. There will be a nominating committee comprised of three non-board members and two trustees. The committee includes William R. Crosby, G. Alfred Cluett, Jr. and Mrs. Bernard Kilgore, representing the public, and Dr. Robert S. Garber and James S. Hill, trustees.

#### TAX FACTS SET FORTH

By Internal Revenue. The Internal Revenue Service has issued a statement to clear up confusion concerning 1965 income tax returns. With the expiration of physicians, no one is affected this year by recent tax changes.

The return must be filed by April 15, 1966. They will be sent to taxpayers this month along with a tax instruction booklet which will contain a pre-identified income tax form which should be used.

If for any reason this form cannot be used, the identifying label should be peeled off and used on the return which is filed with Internal Revenue. The IRS statement follows:

"Internal Revenue Service offices in Newark require that taxpayers are generally conformed about the effective date of changes in income tax law which were part of the Medicare bill.

"The only change which affects 1965 income tax returns which must be filed by April 15, 1966 is the one which adds physicians to the other professional and business people who must pay a self employment tax along with their income tax. This allows them to qualify for social security benefits.

"All other changes are not effective until the tax year which begins on January 1, 1966. These include the increase in the maximum amount of wages subject to social security taxes; the increase in social security taxes to provide for hospital coverage and other medical benefits; as well as the new provision on the repayment and payment of social security taxes on tips.

"The maximum amount of wages subject to social security taxes for 1965 remains at \$4,000. Taxpayers who worked for more than one employer during the year and had more than \$174 in social security taxes, deducted from their earnings, may claim the excess as a credit against income tax. A taxpayer who has worked for just one employer and had more than \$174 in social security taxes deducted should obtain a refund from his employer.

Because there have been no change in income tax law you will find few differences in the tax forms which will be sent to you in December. The form has been redesigned to make it easier to read and make more effective by using more modern type and less cluttered arrangement. Since, have also been provided for entering the name of your current employer and for listing the names of your dependent children.

All taxpayers are reminded to be sure to keep the tax instruction booklet which will be mailed to them late this month. It contains a pre-identified income tax form. Internal Revenue asks that each taxpayer use this form for his tax return because of this identification.

"If this form cannot be used for any reason, the top part of the identifying label should be peeled off and used on the return which is filed with Internal Revenue. If someone else prepares your return for you, be sure to give him the form mailed to you so that he may use it or the label.

Income tax returns for 1965

which call for tax refunds should be mailed directly to the Regional Service Center, rather than in the Newark Office. They should be mailed to Internal Revenue Service, Roosevelt Boulevard, Philadelphia, Pa. 19134.

**THE LONG AND THE LONGER OF IT:** Among the younger generation of males, crew cuts are fashionable. Long hair is in, and defending it from left are Rusty Moore, Adam Hammer, John Taylor and Tom Gamon (Staff Photo)

## Question of the Week

Question: What is your opinion of the long hair style being worn by boys?

Where asked: Nassau Street

Darius Adam Hammer, Locust Lane, student, Laurel Crest Academy, Bristol, Conn.: I approve because I think it is our prerogative to dress and groom ourselves in the manner we feel is most becoming. I do not agree with those who say it is effeminate looking or messy. Some may overdo it a bit but, in general, I think it is perfectly all right.

Russell "Rusty" Moore, 9 Windsor Drive, Princeton Junction, Princeton High School freshman: I think when boys wear their hair really long, it's good. It expresses emotion. They have the courage of their convictions, they don't care if other boys are wearing their hair short. I don't care what adults say about the younger generation because they are really only a bunch of older kids anyway. As one famous person — Bob Dylan — said: "Times are changing." They'll just have to accept us the way we are.

John Taylor, 60 Harrison Street, Princeton High sophomore: It's worth noting, it looks okay. But if it is uncombed and sloppy, it can detract, very severely, from a person's appearance. It all depends on the individual person. If a boy is in a group where everybody wears his hair long, then it's okay; but if he does it just to stand out from the rest, then I feel it's wrong.

Tom Gamon, Mountain View Road, Blawieburg, Princeton High sophomore: I think it looks cool. People who wear their hair short are square and completely out of it. Those who say we look like girls are just jealous — especially bald people.

Mrs. George Neil, 223 Mount Lucas Road, housewife: I think it's pretty awful. It makes boys look very effeminate. It makes them look silly. I don't think it's appropriate.

Maria Olorio, Alexander Road, Stuart County, Day School: I like it to a certain length and then it starts to look too feminine.

Paul Stange, 19 Hamilton Avenue, Princeton High junior: Long hair is only a fad, only a fad. On some it looks good, on others it's bad.

Debbie Livingston, Belle Road, Princeton High school sophomore: I think people should be allowed to decide how they want to look. It is nobody's business how boys wear their hair. The older generation had their crew cuts

and now the younger generation has to create something for themselves. The world is changing, so we have to change too.

Dan Derriso, Trenton, barber for University Barber Shop: I think it is all right if it is not kept exceptionally long and if it is kept neat, which it usually isn't.

Carol Nichols, Route 208, Princeton High School sophomore: As long as it doesn't reach their shoulders, it's okay. Long bangs are good too, but otherwise I think it's a disgrace.

Beaver Shepherd, 301 Nassau Street, Princeton High freshman: It may sound corny, but I feel there should be freedom of hair styles. I disagree extremely in principal with the Borough school's crackdown on the long hair style of boys. I don't believe this is within their jurisdiction. If boys want to wear their hair long, I have nothing against it.

Vicki Ness, 5 Overbrook Drive, Princeton High sophomore: I love it! On the right people it looks good. There are certain styles which shouldn't wear hair long. It depends on the features.

Mrs. Alan McDonald, 175 Nassau Street, engineer's associate, Western Electric Engineering Research: I think it is very unmanicured — and rather effeminate.

## Mayor Patterson's New Year's Day Address

This is the fifth New Year's Day on which I have had the honor of addressing Borough Council and the citizens of the Borough of Princeton.

Nineteen six-five was, as predicted last year, a busy year and 1966 promises to be just as busy.

As reported briefly on the year 1965, construction of the new public library was commenced and in fact completed. If the outside shell of the building is imminent, we will have a new library in 1966.

Priority for capital funds was given last year for the development of recreational facilities. We will have swimming pools, tennis courts, and other facilities in operation at this location.

With the completion of the library and these recreational facilities, there will come added expenses to be met by the Princeton taxpayer. A part of these increases will appear in 1967 budgets, but the full impact will not be felt until 1967.

The report of the Joint Committee on Municipal Operations—so-called Dilley report—was completed last summer. The report concluded that political consolidation of the Borough and Township is not practical at the present time. The Joint Committee, however, made recommendations for further joint functioning between the two municipalities.

As recommended, the Borough has already adopted a desirable bonding code and one which is identical to the one in use in the Township. The committees of the two municipalities are now discussing the workings of a regional planning board, and finally the Borough Board of Health has been requested by me to consider the recommendation that a joint board be established. Great credit is due the many men and women of the Princeton community who worked so hard and so long in preparing the Dilley report.

New Address in 1967, In

my first New Year's report, four years had the same agency for a study on the need for a new or remodeled Borough Hall. The study was completed some time ago. In 1965, the Miss Fiske School property was transferred to the Borough without cost, and the money needed for the construction of a new Borough Hall was very recently obtained.

It is more than likely that we will be able to start on the new Borough Hall on New Year's Day 1967, but sometime during that year we will move to our new quarters. Again, I would emphasize that the construction of a new Borough Hall, as planned, in no way bars political consolidation with the Township in the unlikely event this might occur in the reasonable future.

Traffic, planning and zoning matters continued in 1965 as they will in 1966 to occupy much of the time of many people. One of the traffic by-passes is still with us and here, as there, we have always been a political as well as a regional bi-partisan effort to make the by-pass a reality.

Closer to accomplishment is the completion of a parallel route to Nassau Street, the realignment of Jackson Street. The property owners involved are to be congratulated and thanked by all of us for their assistance in working out what appears to be an equitable and workable solution to the various problems that these streets are created through built-up areas. I am confident that what remains to be done before the realignment can be accomplished has been done in the very near future.

Progress in Planning South: Our Council meetings with the largest audiences are almost always those that have to do with zoning and I suspect that we will have more such meetings this year and in the future. It is therefore imperative that the Planning Board make faster progress in recommending any changes in the Borough's zoning plan so that the zoning changes that may be necessary can be adopted sooner than later and not on a piecemeal basis.

There will be, as we all know, many problems and many challenges facing us in 1966. To meet them, we have experienced and loyal employees, citizen volunteers on the various boards and committees and finally six able and dedicated councilmen.

Today, Mr. Alfred E. Sorenson became the fifth term and Mr. William H. Walker his third term as members of Borough Council. Serving with them will be Councilmen Elwood W. Coffey, Alan W. Currier, Joseph E. Strayer and Enoch J. Durbin.

During the year we were deprived of the wisdom and counsel of our Tax Collector, Mr. Theodore E. Stratton, through his untimely death. Captain Geoffrey Sage most ably filled in for Mr. Stratton during the remainder of 1965. Today he will be succeeded by the first woman to hold many years has been elected to public office in the Borough of Princeton, Mrs. Wilson L. Conn.

Mayor Henry S. Patterson

Cooperation Essential: The briefness of my review of last year and my discussion of the coming year, not because there is a lack of things to say, but rather because there is one pressing subject which is so important to the future of Princeton that it must be particularly emphasized. The subject has been called many things, in its simplest form it is the relations between Princeton and Princeton, Borough and Township.

On the whole, our relationship with the Township is an excellent one. Minor points of friction have long since been removed by changing the annual give and take bargaining on shared costs to understandable and more formal agreements, in most cases reflecting the ratio of taxable one municipality to the other.

As new possibilities for increased inter-municipal cooperation have arisen, representatives of both municipalities have met together and agreed on such matters as the site and plans for a new library, the development of Community Park and the acquisition of open space. We do not always see eye-to-eye; no one can expect us to. But our differences are minor and understandable.

However, if there is deterioration in these relations in

any important field, and there has been in the very field for which the Princeton community is most famous, it can and it has resulted in serious rifts not only between the two municipalities as entities, but between neighbors and neighborhoods. We must heal these rifts before it is too late.

Princeton is a community which is admired the world over. Whenever I go, people know about Princeton; they praise it; they compliment it often without ever having visited here. What we have, we must not lose.

Yet this can happen if dissension between the two Princeton communities continues. In this discussion, there are extremes and I deplore both — the one which would have complete municipal consolidation regardless of financial or any other consideration, and the one which would discourage any dialogue between the Borough and the Township regardless of the advantages.

I cannot believe that the Borough resident is willing now or in the foreseeable future to pay considerably higher taxes for the sake of complete political consolidation. Specifically, complete consolidation is not presently feasible.

Nor, do I believe that the Borough resident is so protective of what he already has, or will soon have, that he would not be willing under some equitable plan to share what he now has or will soon have. Specifically, a community solution to the school problem is an absolute necessity.

It is my firm belief that we can provide a single school

## PEOPLE In The News

Mrs. Alan W. Richards, head of the Princeton High School Latin Department, attended meetings of the American Archaeological Institute and American Philological Association in Providence, R. I. At a session of the Council of the American Classical League, the committee she co-chaired reported on its selection of a national executive secretary.

Richard J. Bergman, director of engineering and development at Princeton Chemical Research Inc., is vice-chairman of the planning committee for the 60th convention of the American Institute of Chemical Engineers, scheduled for September 1966 in Atlantic City.

A second edition of "Bacterial Genetics" by Dr. Werner Braun, professor of microbiology at the Rutgers University Institute of Microbiology, has been issued by W. B. Saunders Company. A Rutgers faculty member and the author of some 150 scientific papers, Dr. Braun lives at 72 Mason Drive.

Dr. Fritz Machup, Princeton University Walker Professor of Economics and Director of the International Finance Section, has begun a one-year term as president of the 14,000 member American Economic Association. Prof. Machup has been a member of the Princeton faculty since 1960. Among his fields of special interest are industrial organization, international trade and general economic theory.

Michael Ward, son of Dr. and Mrs. Herman Ward, Duketown-Harlingen, Road, Belle Mead, left this week with the Columbus Boychoir for a five-week concert tour of Japan. A seventh grade student at the Columbus Boychoir School in Princeton, he has been enrolled there for the past three years.

Heldi Hoffman, daughter of Mr. and Mrs. K. E. Hoffman, 141 Meadowbrook Drive, and Abner K. Buckland, son of Mr. and Mrs. J. A. Buckland, 212 Prospect Avenue, have been entered in the Eker national Leadership Contest by the Princeton Lodge No. 2129. As outstanding high school seniors, they will be judged at the state and possibly the national level.

Dr. Theodore O. King, 43, 1 Piedmont Drive, West Windsor Township, has been appointed vice-president and director of research of Biodynamics, Inc., East Millstone. Formerly director of Ortho Research Foundation's Division of Pharmacology, Dr. King is an authority in the field of pharmacology and physiology. He is the author of some 40 papers on drug action. Before joining Ortho, he was senior pharmacologist at the Johnson Research Foundation.

Dr. King received his Ph.D. in pharmacology at Georgetown University and holds an LL.B. degree from the University of Wyoming College of Law. He studied abroad as a World Health Organization Fellow and as a Fulbright Research Fellow. He is a member of the co-adjunct faculty at Rutgers University.

Richard K. Paynter, Jr., 49 Wilson Road, has been named a vice-president of Doremus & Company, a national advertising and public relations firm in New York City. A 1951 graduate of Princeton University, Mr. Paynter joined Doremus in 1953 as an account executive. He is vice-president of the Colonial Club of Princeton and a trustee of Princeton-in-Asia, Inc.

"Films by Jim Davis" is the title of a motion picture program to be given this Thursday night at 8 by the Museum of Modern Art in New York. The museum has recently acquired several of Mr. Davis' abstract films created to record his "moving designs" demonstrations in color of his experiments with mobile designs of transparent plastics and controlled illumination. A painter, sculptor and photographer, as well as a film producer, Mr. Davis lives at 44 Wiggins Street.

## BUSINESS In Princeton

### GREEN AND MERRY

Was **Princeton** Know what kind of a Christmas was in Princeton? Business had a run and a mistletoe kissing ball.

It was up, up and up for the year for most Princeton stores this Christmas.

F. J. Worthington, manager of the Princeton University Store, phrased it this way: "Sure, I had a better season than last year. 'In an expanding economy like ours and the holiday area like this one, it's a pretty poor merchandiser who doesn't keep climbing year after year.'"

The fact that people were buying eagerly was reflected in the volume of display advertising in **TOWN TOPICS**. All previous records were broken both in the volume of advertising in a single pre-Christmas issue and for the number of pages printed between Thanksgiving and a Christmas.

For the first time, three consecutive 64-page issues were published, the largest of them being that of December 16. The four pre-Christmas issues ran to a total of 232 pages, up 10.3% from a year ago and 13.5% higher than in 1962.

Me, Too, New shops moved in to take their cut of the pie. "It was unbelievably marvelous," said Donald Brune, who opened his interior decorating shop this fall and sold Christmas decorations and holiday season during the holiday season.

"Satisfied" is the comment of a new shop geared to the sale of items for women. Nassau Interiors in a new location for the first time this Christmas, expressed satisfaction about customer acceptance of the 360 Nassau Street store.

"We had many compliments on the appearance of our new quarters," said Leonard LaPlace, owner of the furniture and accessory store. "We sold more than a star of the big pieces than ever before — the sofas and big upholstered chairs. The more expensive items seemed the easiest to sell."

This experience was repeated in many a Princeton shop. "People seemed more in the mood to buy luxury items," observed Zuckerman, who runs the lingerie shop on Chambers Street. Mrs. Zuckerman's 56 slips moved slowly, but her opulent hostess robes and expensive gowns were bought right off the mannequins.

"It was a rush this Christmas right from the beginning. If you take town topics, the best way to express your appreciation is to mention it in our advertisements."

### Person To Person

We read that the oldest surviving records of the sumptuous banquets, written on clay tablets, some of which date back about 6,000 years. The oldest known Egyptian writings on papyrus, the bell-shaped leaves of the papyrus plant, to be about 5,000 years old, but writings on papyrus continued until about the 10th century A.D. A Chinese court official is supposed to have invented papermaking in 105 A.D. He used tree bark and waste cloth in its manufacture. By 510 A.D. the craft of papermaking reached Europe, by way of Byzantium, Damascus, Egypt, and Morocco. When we think of the speed of communications today the comparison with ancient times is beyond our imagination, as may be the bargain and satisfaction you will enjoy from us! Kammer Buck-Fountain Co., Route 206, opp. Princeton Airport 931-2222.

1963 Mrs. Zuckerman, "Our business was up from 1964."

**Big Price Tags.** "Our least expensive items moved the slowest," concurred Benjamin Stone, of Stone's Linnen and Gift Shop, "we had a better season than we had a year ago."

A women's specialty shop with the "best year we ever had" was the Lingerie Shop, which has recently headed for the top price tags and the quality merchandise.

One shop reported business 30% better than last year and 1964 55% better than 1963.

Bookish Book & Stationery Shop showed a 30% increase over the Christmas of 1964.

With a big increase in sales coming from expanded sales of children's books.

"Our business climbed 11% from last year," said Everett Campbell, of Thorne's Pharmacy. "The big new store really helped because our customers could see our merchandise. It seemed to us as though customers took one look and bought."

T. J. McCarthy's West Wind shop branch reported an increase also. Another out-of-town store, Rose's Hardware in Hopewell added up 12% more sales than a year ago.

"Last year, we thought we were in as high as we'll ever get," Jerry Matthews of Rorer's, "but we did even better this year; in fact, we had a good year all along."

Cards Go Fast. "I think everybody did well this year," observed Haze Woolhouse, of Nassau Hobby. "I had a larger inventory and more customers, and a lot of unique things — I think that helped to stimulate business."

Landau's, Chlyton's, LaVake, Princeton Gourmet, Nassau Delicatessen, all report climbs from 1964.

Hinkson's reported 15% more than a year ago, especially in the small \$1-\$5 gifts. Christmas cards went harder and faster this year than before, and Happy House found this true, too. "Our card business was fantastic this year," said Larry and Bette Hustruss of Happy House. "We did more business than we anticipated."

Mr. Hustruss added, "the salesmen tell us that things were good everywhere but I think Princeton did even better. You find highly intelligent buying in this town."

I Need More Food gifts kept the Nassau Deli in fine shape. The European labor shortage, especially the West German labor shortage, meant that the "Del" was short on some of its traditional European candies.

Shortages pulled back on the domestic side, too. "I had more problems getting merchandise than I can ever remember," observed Merrill Zinder. "Jobbers were out of stock, deliveries slow, I did better than last year, but I don't know yet if my profits will keep pace because many of my prices were lower than 1964."

"Suppliers were short on everything," said Patricia Gehlert of the Gourmet. Inventory matters also absorbed Fred Laughlin, owner of The Sid. "I had a strange phenomenon," he said, "my apparel business was up four to one. Normally it's 50-50. I'm satisfied with Christmas, but I put it that way. That's true of this particular industry. It's a very difficult year, but I had the most upsurge in the three years I've been open."

"Gag" is a word that came from one to two other shops.

### What Sold?

Snails and small plates at Princeton Gourmet. Suppliers were short on both snails and plates and sales seemed slow at anything but a snail's pace.

Instant milk Koksids went out of Princeton's faster than a cube flash. University Store ran out of instant milk.

Fur hats had to be re-ordered at Clayton's. Pierced earrings and earrings that look like pierced earrings, were hot as ear-muffs on a cold morning.

Lingerie went across the counter especially well at Landau's and heavy textured stockings at Clayton's.

And there may be a few midwinter balls left to kiss in the new year!

mostly because they depend on winter weather. "It could have been better," was one comment. "We needed the snow." Another store owner in business for many years said "Business wasn't as good as last year, mainly on account of the weather. We expected to do better."

And with the dieters bars and the cash register full... We're more tired this year.

than in previous years," observed Miss Gehlert of the Gourmet. "This means either that business was that much better or we were that much older." "I never remember being so tired and wondering if it was worth it all," said Mr. Zinder. "Another day and I wouldn't have made it," said a weary clerk.

### DIVIDENDS DECLARED

By First National Bank. The Board of Directors of the First National Bank of Princeton has declared the bank's 1st consecutive dividend.

Stockholders will receive the regular dividend of 60¢ a share, plus an extra dividend of 2¢ a share. Both were payable this week.

Controller Norman, Harrison Cottleham of Morrisville, Pa. has been named controller of the bank.

In making the announcement, Ralph Mather, president, said, "The Board of Directors is pleased to have a man of Mr. Cottleham's experience fill this important post for the bank. He is eminently qualified."

Mr. Cottleham joined the staff of the First National Bank in 1963, after having been employed by the Girard Trust Bank in Philadelphia and the Trenton Trust Company.

# SPORTS In Princeton

CLOUDY FUTURE

In Basketball and Hockey.  
Off the first month of play by  
Princeton's basketball and  
hockey teams, each appears to  
have a shortcoming which it  
must solve if it is to achieve  
its maximum potential this  
winter.

The Tiger quinter, hoping to  
win a fourth straight Ivy title,  
lacks consistency in its play.  
The hockey team, which had  
its sights set on the season  
begin on topping the 500 mark  
and evicting the Ivy  
League collar, lacks a defense.

It is, of course, the basketball  
team whose problem is  
far the less serious of the two.  
The Orange and Black line in  
Ivies on its own court in in-  
explicable fashion, and has not  
put together two consecutive  
good halves since then, but it  
has at least outplayed most of  
the opposition during the holi-  
days in defeating Illinois, Mis-  
sissippi State and Navy, and los-  
ing only to North Carolina. As  
the man said, "There is no  
substitute for victory."

The skaters, on the contrary,  
have reason to be glad after  
returning from Buffalo, where  
they were the only team in a  
New Year's tournament with  
Harvard, Yale and Dartmouth  
not to win a game. In eight  
games to date, they have al-  
lowed a total of 44 goals,  
which means in the simplest  
terms that if they expect to  
win, they must score at least  
six times. This places an al-  
most insurmountable burden  
on the offense.

Title Defense at Hand. The  
traveling man's suitcase that  
Princeton's basketball team  
has used so steadily in recent  
weeks will be packed again  
this weekend as the Tigers take  
their annual trip to New  
Haven and Providence. Al-  
though neither Yale nor Brown  
has been able to break even to  
date in a contest to the de-  
fending champions' fine 7-2  
mark — either one of these  
opponents can be broke if  
enough to upset Princeton if it  
gives a mediocre performance.

they are to make a successful defense of their Ivy League title. Despite ability of field, Ed Hummer and John Harlow, both 6-6, and Ed Bobby Brown, Princeton can be matched under the basket by Cornell and Penn and to some extent, Columbia. Both Penn and Columbia have been better outside shooting than the Tigers. They'll be at home Friday and Saturday, January 14 and 15, against Dartmouth and Harvard, with Penn here on January 29 and a trip to play return contests with Dartmouth and Harvard the first weekend in February.

Ten Brown and Yale come here and the form chart indicates that the Tigers should win every one of these games. That would give them a 10-0 cushion from which to launch the really rugged part of the 1966 schedule. It concludes with visits to Dillon Gym by Cornell and Columbia and then the toughest assignment—a Princeton basketball team has ever faced—successive road trips at the end of the season to play Cornell, Columbia and Penn.

**SKATERS PERPLEXED**  
 Over continuing mishaps, A Princeton hockey team bolstered at the start of the season by the simultaneous arrival of good sophomore strength and a new coach is looking somewhat gloomily at the record of its first eight games. The Tigers have won only two of them, and while there is considerable solace over the fact that one was over defending champion Brown, there has been no progress toward brighter days since that time.

In the Nichols Tournament, Buffalo last weekend, Princeton played well enough against steadily improving Harvard before losing 4 to 3. The following night, however, the Orange and Black was upset by Dartmouth, 5-4. In overtime, 24 hours after the Indians had been trounced by Yale, 4 to 2. The 24s won the two-day affair by trimming Harvard, 3 to 2.

Coach John Wilson's sextet took a short-lived lead over Harvard early in the first period, when sophomore John Ritchie scored. The Crimson retaliated with two goals but Gordy Gladman brought the Orange and Black even before the round ended.

Thereafter, however, Har-

trainer of the season will not quite match that of the December schedule.

It's apparently to be out of the frying pan into the fire on Saturday, when the Orange and Black heads for hockey-mad Princeton, a squad that is virtually 100% Canadian has been assembled with a view to bringing prestige and headlines to Cornell hockey, although the headlines that record the brand of aggression displayed by the Big Red are beginning to be distinctly uncomplimentary.

Next Wednesday, Princeton will play its first contest at home in more than a month when it entertains Colgate. Back-to-back games against Dartmouth will follow, sandwiched around the break for examinations.

## BOWLING NOTES

Johnson Presses Decker's. Decker's Darryl's once commanding lead in the Three Man Classic League shriveled to a margin of two points last week after all the pins had stopped falling at the Princeton Recreation Center. Figures for the top three teams:

Decker's, John Electric and Turney Motors — now read, 321 1/2, 301 1/2 and 241 1/2. Vince Tufano led individual single game performances with a sparkling 234 — highest recorded last week. Next were Frank Delmore's 222 and Elmer Perantoni's 220. Other 200 games were rolled by Ed Hughes, 214, Charles Perpetua, 201, Bob Cifelli and Bill Perelli, both 200's.

A sartline can tighten ex-  
cite in the standings in the  
Nassau League with 11 points  
separating the top nine  
teams. Clustered at the top are  
Nassau League with 60 and  
Thorne Pharmacy and Heltis  
A.C. each with 55. Within  
hailing distance are Thorne  
Gange 54; Grover Lumber,  
53; Brophy's and Cifelli Elec-  
trics, both 52.

A high series of 598 was  
fashioned by Jim Shely on  
games of 24-210-164. The  
high single game — 218 —  
was claimed by Bill Parker.  
Two pins behind was Walt  
Stalep's 216, followed by  
Pavio Bump 211; Russ Loren-  
210; Ernie Hunt, 205; Henry  
Stupich, 203, and Al Tota,  
201.

A single pin separated the  
two high series posted last  
week in the Tri-County Ten-  
ants League. Norm Luck  
rolled a 598 on games of 191-  
160-235, while Frank Stofko  
had a 595 on a 160-224-292 ef-  
fort.

Ken Luck had a 224-202.  
Others who managed to roll a  
single game above the 200  
mark were George Luck, Dave  
Wilbur, Harold Davoli, Neil  
Tindall, Joe Sherrin and Ed  
Ingles.

In the Princeton Business  
Women's League, two-team

ties exist for both first and  
second places. Tied for first  
with 56 wins, are Nassau Con-  
over Ford and Maul Electric.  
Claude Lagueur and Treen  
Aves are knotted for second,  
with 48 wins apiece. Just two  
points back is Jefferson  
Plumbing with 46.

Diane Fowler and Peg  
Ranillo each rolled 205, 67  
pins over average for Polio and  
51 pins over average for  
Diane. Eleanor Pinello's 184  
was 56 pins over the average.  
A high 167-175-109 511 series  
was the work of Loretta Seal-  
erati. Dot Silverst had a 160.

The Tigers displaced the  
Sharks who were last last  
week for first place with the  
Wildcats in the Blue Angel  
H-U-Y high school league. Now  
the Wildcats and Tigers are  
an top with 28 wins with the  
Sharks in second with 26.

The best three games rolled  
on Sunday were a 189 by Hal  
Ruhart, a 175 by Jim Sil-  
vester and a 174 by Ken  
Groob.

It's still Imbabazon Heat-  
ing first in the Night Owl  
League, followed by the Ma-  
jors, Greenwood Girls and the  
First Nations' Bank.

High team series — 1657 —  
and high team game — 599 —  
were recorded by the Green-  
wood Girls last week in the  
Princeton Bowl. High individ-  
ual series was Sarah Huey-  
cutt's 481, with Dianne Harman

## Obio State Due Here

The first meeting of an  
Ohio State team against  
Princeton since the Buck-  
eyes played football in Pal-  
mer Stadium in 1928 is  
scheduled for Saturday,  
January 15, when the Big  
Ten university will send its  
strongest team here. All  
800 seats in Dillon Pool are  
likely to go quickly for the  
meet.

Although Princeton has  
assembled one of the  
strongest teams ever to  
represent the Tigers in the  
sport, Ohio State is a  
heavy favorite to win. The  
Buckeyes are rated among  
the top colleges in the na-  
tion in swimming.

Princeton coach Bob Clot-  
worthy, himself an Ohio  
State swimmer, believes that  
his current squad may  
break every existing Prince-  
ton record before the sea-  
son ends save those in the  
backstroke. Yale is still out  
of reach of the Tigers, but  
Clotworthy sees Princeton  
battling for runner-up hon-  
ors in the east with Har-  
vard, Army and Navy.

claiming high individual game  
honors with a 186. Other high  
games: Miss Hueycutt, 168  
and 161, Miss Harman, 160,  
and Ruth Foley, 163.  
Mrs. Doris Brady ended

500-yard swim fireworks of  
her own by making the 4-7-10  
split.

**RIFLE PROGRAM OFFERED**

marksmanship, marksmen-  
man first class, sharpshooter,  
sharpshooter Bar 1 through 9,  
expert rifleman and diging  
wielding rifleman. The latter two  
are of high distinction.

During the program, young-  
sters will qualify for pro-  
marksmanship, marksmen-  
man first class, sharpshooter,  
sharpshooter Bar 1 through 9,  
expert rifleman and diging  
wielding rifleman. The latter two  
are of high distinction.

Instructing will be: Lt. Rich-  
ard Steiner, and Maj. David  
Wilbur of the Township police;  
Pvt. John Bellow and Pvt. Rus-  
sell Shangle of the Borough  
police; William B. Heize,  
Princeton Junction, vice-presi-  
dent of the Citizens R&R Club;

**LEAGUE LEADERS:** Above are members of the St. Paul's School basketball team which has won seven and lost one, good for first place in the Southern Division of the Mercer County CYO Grammar School League. Kneeling from left are Jim Leuper, Robert Sweetner and Steven Stein. Standing are Kim Ebrahim, Kevin Geaghan, Michael Chapuk, the Michael Tomlinson, captain, Michael Maguire, Harry Norton and Peter Sweetner. To the rear are coaches Fred Leuper Jr. and Fred J. Leuper. Maguire is the team's leading scorer with an average of 24 points per game.

vice-president, Mercer County Association of Rifle and Pistol Clubs; and Walter Dornador, Mercerville.

Additional information may be obtained from Lt. Steiner at Township police headquarters.

#### ST. PAUL'S SURGES

On Sheehy of Mike Maguire. With Captain Mike Maguire scoring 33, 35 and 37 points in the last three starts, St. Paul's School basketball team won all three to sweep to a 7-1 record and first place in the Southern Division of the Mercer County CYO Grammar School League. The 105-point outpouring raised Mike's average to 24 per game. In its most recent outing, St. Paul's defeated St. John's on Sunday, 44 to 14. In addition to Maguire's dominating 32-point performance, Mike Chapuk, Harry Norton, Kim Ebrahim and Kevin Geaghan each scored two points.

Earlier, St. Paul's defeated St. Joseph's 45 to 33, with Maguire's 32 and Tomlinson's 9 accounting for all but one of the 45 points, and topped Pennington, 67-47, in a high scoring contest. With quarters limited to six minutes each, the 67 points in 24 minutes is a rate even the pros could envy.

In the latter contest, Maguire was aided by a 12-point performance by Norton, Pete Sweetner and Mike Tomlinson chipped in with five points apiece.

#### NOTRE DAME TOPS PHS

St. Peter's Here Tuesday. Usually 75 points will win a high school basketball game. That was the total reached by Princeton High Tuesday afternoon at Notre Dame, but this time, despite fine shooting by Wilbur Hines and Ken Lyons, the Little Tigers were overhauled by a record performance by the Irish's Wayne Sokolowski. Sokolowski established a new single game ND mark by dropping in 36 points to lead his teammates to an 80-75 triumph.

Unfortunately again for PHS, Notre Dame's Bob Goeke chose this game for his career high as well. He pumped in 28 of his own. The combined 62 were more than the Little Tigers could handle.

Perhaps PHS coach Tony Borok should make a New Year's resolution not to play Trenton's area teams. Against other opponents, PHS is 4-0 against Trenton-based clubs, it is 2-2. The Blue and White will face Silemeh-another city team here at 3:45 Tuesday afternoon and indications are this one is not going to make 1966 any happier for Princeton.

Stelmert defeated Trenton High for the first time ever Tuesday, and rather handily, too, 72-59. What's more, it did it on Trenton's home court.

Trenton owns one of the two victories registered over PHS this season.

**Both 5-1 Records.** The PHS-ND battle was hard fought throughout. Both teams entered the fray with 5-1 records; both had just captured holiday tournaments. Princeton the Asbury Round Robin and ND the first Suburban Tourney; both were fighting to stay in contention for Mercer County honors. In short, this was a big one for each school.

PHS was down by 10 at the half and down by 15 at the three-quarter mark, 60-45. Ed McEwen and Hines narrowed the gap to within seven points in the final period when PHS outscored the home team, 30-20, but that's as close as the leapers were to come. For a moment, about one minute from the end it looked as if PHS might do it, but Sokolowski's free throws kept ND in front. He finished with 10 charity shots.

For Princeton, Ken Lyons had his best game ever, scoring 21 points. In addition, Ken was effective off the boards throughout the contest. Hines had 28—not unusual any longer for scratchy—and Tom Wood had 11.

#### NEW SWIM COACH NAMED

By Peddie School, Robert I. Ballou Jr. of Manassas has been named head swimming coach at The Peddie School, Hightstown. He is a graduate of Springfield College.

During the summer, Mr. Ballou owns and directs the Siltan Swim School, and teaches elementary school physical education. In addition to his coaching at Peddie, he will also give private swimming instruction.

On the eve of the opening of the 99th Congress, New Jersey's two Senators have reviewed their record on the major problems which it will seek to solve in the coming months. The statements are those of Sen. Harrison A. Williams, a Democrat, and Sen. Clifford D. Case, a Republican.

#### SEN. WILLIAMS REPORTS

The outlook for the new session of Congress, which convenes Monday, has changed drastically since we adjourned last October.

It was generally felt then — I shared the feeling — that the second session of the 99th Congress would be reasonably quiet and tidy one.

We had disposed of many of the major legislative items in the first session and it was felt that the second session would be devoted to the study and improvement of the important programs launched last year, plus consideration of two controversial issues — bimetallism and repeal of 14-b.

But the rapid escalation of

the war in Viet Nam has changed all that. I look for extended discussion of our policy in Viet Nam and the manner in which it is being implemented that policy in both Houses of Congress.

To some extent, the tone and the content of the discussion will be determined by President Johnson's State of the Union Message and, if he decides to deliver one, any special message to the Congress or the American people on Viet Nam.

But, no matter what the President has to say, the members of Congress are going to have some questions to ask and some statements to make. There are a number of factors which make this clear.

**Escalation Likely.** The first is simply the physical fact of our enormous increased commitment in Viet Nam; nearly 200,000 troops, with the likelihood of many more to come; substantial portions of our Navy and Air Force engaged in combat; and a \$5 billion a year cost estimate for the war.

The second is the first-hand look many members of Congress have taken at the war in Viet Nam during the Congressional recess. This has translated abstract statistics

into personal reality for those who went and saw for themselves.

The third is the mail that has been coming into congressional offices. It reflects a growing uncertainty among the American people over the war in Viet Nam.

I think that, in part, this feeling of unrest indicates that we have failed to communicate the reasons for doing what we are doing in Viet Nam. And I'm sure the members of Congress will attempt to address

### Prompt Results.

To the Editor of Town Topics: Driving home one cold and drizzling night last week, my son-in-law who teaches in Princeton spotted two tiny puppies huddled at the side of the road and picked them up. They were cold, hungry and shivering.

I tried to find homes for them without success. Then I saw the ad in your paper from the Small Animal Rescue League.

I called Mrs. Graves. She was very sympathetic, courteous, and my pleasant surprise found homes for them within 24 hours.

I wonder if the people of Princeton realize how fortunate they are in having so fine a lady as Mrs. Graves. I am an old mao, a retired pharmacist, and I feel you should know and be proud of people like her.

themselves to this lack of communication.

And finally, just from my conversation with other Senators and with members of the House of Representatives, I know that the war in Viet Nam is now the uppermost thing in their minds.

There is a sense of urgency which was lacking before. And I know they are going to transmit this sense of urgency to the Administration, to the Defense Department and to the State Department.

**Other Programs Affected.** Beyond the discussion of the war in Viet Nam itself, the enormously increased commitment there is going to enter consideration of many other programs.

The Defense budget already is being scrutinized by Secretary McNamara and he has announced slowdowns in military construction. I believe space expenditures are now being examined.

Consideration of our foreign aid program will be affected by the situation in Viet Nam. It is reported that appropriations for many of the Great Society programs may be affected.

Obviously, taxes will come unrelentingly as a result of the need for increased expenditures in Viet Nam.

Indeed, it is fair to say that there is hardly a major program, foreign or domestic which won't be considered by the Congress in the light of the conflict in Viet Nam, rather than on its own merits alone.

**SEN. CASE REPORTS**  
The Administration, it is reported, is trimming budget re-

quests for domestic programs because of the increasing costs of our involvement in Viet Nam.

As it proceeds with this task, I think, essential that the Executive Branch — and especially the Bureau of the Budget — take heed of the advice so frequently and rightly, given Congressional budget slayers: "Use the scalpel, not the meat axe."

Let us eliminate waste and duplication of effort, by all means. And where there are good grounds for deferring expenditures in low-priority programs, I shall be among the first to support such decisions.

But there is a wide range of federal activities many of their recently authorized or expanded, that bear important, by on national goals with the same top priority as our commitment in Viet Nam.

**ARCHITECTS NAME NEW OFFICERS:** Newly-elected officers and directors of the Capital Chapter, New Jersey Society of Architects, include a number of Princetonians. Above are: John R. Diehl, new secretary of the New Jersey Society of Architects, AIA, and immediate past president of the Capital Chapter; Adolf R. Scrimm, past president of the New Jersey Society of Architects, AIA honorary member of the Capital Chapter; Alfred Russell, new state director and a former president of the Capital Chapter; Francis R. Slen, new president of the Capital Chapter and new state director-at-large; John S. Rhoads, outgoing treasurer of the Capital Chapter; Martin L. Beck, director of the Capital Chapter; Cyril S. Loftus, director of the Capital Chapter and chairman of its Civic Liaison Committee; Hans K. Sander, new vice-president of the Capital Chapter and new state director.

The wars we wage against discrimination, poverty, disease and ignorance are also vital to our long-run security. I have in mind, for example, our commitment to provide the youth of America with the opportunity for education to whatever level they aspire.

Fulfillment of this promise is essential to the continuing vitality and strength of our nation.

**Aid for Education Needed.** Our educational structure is undergoing severe strain at

every level. Qualitative as well as quantitative shortcomings are also, and every projection of the demands on our schools and colleges over the next decade shows how much more we must devote to education just to stay in place.

New Jersey itself faces a crisis in higher education. There is no room in our colleges for one of every two high school graduates in the State who want to pursue their studies. The recent report of the Citizens Committee for Higher Education in New Jer-

sey makes clear just how large an investment the State must make to overcome this and other deficiencies.

The Federal contribution has become a vital ingredient in our total educational effort, and we simply cannot afford to scale back this effort at any level. Federal, State or local. Indeed, increased funding for some Federal programs is fully merited in my judgment.

## Obituaries

**Mrs. Mary C. Applegate, 75,** of 249 Osborne Avenue, died, formerly of Princeton, on December 31 in Palm Pleasant Hospital after a brief illness. She was a member of the Applegate Floral Shop of Princeton.

Princeton, Mrs. Applegate operated the floral shop until her retirement in 1956, when she moved to Bay Head. She was a past assistant president of the National Camp PO of A. and a member of St. Andrew's Presbyterian Church. Surviving are her husband, Randolph R. Applegate of Bay Head, a daughter, Mrs. C. M. Merriam of Pennington; a son, Randolph L. of Princeton; four grandchildren, 10 great-grandchildren; and two sisters.

The service was held at the Kimble Funeral Home, the Rev. Dr. William L. Tucker, pastor emeritus, and the Rev. F. Hugh Little, pastor of St. Andrew's Church, officiating. Interment was in Princeton Cemetery.

**Miss Jessie K. Hurd, 71,** who had been residing for several years with the family of Albridge C. Smith 3d at 62 Ridge Road, died on December 29 in Princeton Hospital. She had previously lived at 12 Pine Street.

Born in Albany, N. Y., where she later completed her nursing training, Miss Hurd came to Princeton as a young woman and married Dr. William C. Schnaffler and the late Dr. Harvey S. Lins. She died of a heart ailment in Princeton until her retirement several years ago.

## What's New? A Search for a Tiger in Tigertown

Princeton paleontologist Glenn L. Jepsen is looking for a tiger and it hasn't been there. He doesn't want the skin, and you can keep the steak, he just wants the bones.

A man of purpose and imagination, Dr. Jepsen will set up the skeleton to conform with the attacking leap of a tiger. The University, sculptor, Dr. Jepsen, Charles R. Knight, who also did the tiger in Palmer Square. Dr. Jepsen's body version will continue a special machine exhibit planned for the museum at 600 Cat Hall.

The only film offer Dr. Jepsen has received from the Princeton Museum connected came from the Museum of Natural History in Washington. This he turned down with regret, because the tiger's head and tail would be a "circus animal" and no specimen won't do," he says. "A few years of captivity often causes effects on the skeleton structure which, while not likely to mislead people, is not good for paleontology."

The skeleton must be of a full grown, male tiger, he adds, one that lived a healthy life in natural surroundings.

Giving up on the museums, Dr. Jepsen now has his sights set on India, where a former Princeton student, Dr. A. T. Subramaniam, has recommended a taxidermist firm. Supporting funds will come from the Class of 1927, which Dr. Jepsen is a member.

In the meantime, any information leading to a tiger skeleton will give the professor an even happier New Year.

1963, for example, doubled the amount of state aid for previous authorization for Federal grants to the States to assist colleges in constructing new facilities to meet increased enrollments. Specific figures for Princeton from \$230 million to \$460 million the amount authorized for construction grants, and the undergrate schools, including community colleges, and for \$40 million to \$120 million the amount for graduate schools. It was a significant increase and was delighted that Congress approved them.

Unfortunately, passage of the Higher Education Act in 1965, which authorized that it was not possible to consider the full appropriation of the nearly \$800 million authorized for various programs was actually appropriated. This did not include the authorization for construction grants.

It is essential that these funds become available as soon as possible. That is why I hope that the President will make a personal request for the full balance of the amounts authorized by the Higher Education Act.

These amounts, however, are current for the fiscal year. The true measure of the new budget's concern for education and other higher education priorities will be in its request for the new fiscal year.

## BIRTHS

New Year's Baby: A daughter was born on January 1 at Princeton Hospital to Mr. and Mrs. John Birch of the Maple Apartments, Faculty Road. Twenty-one children were born at the hospital last year, 12 were girls.

## News Of The CHURCHES

### EPHYPHANY STUDY BEGINS

This Sunday, Princeton's second major venture into grassroots ecumenicity, the Epiphany Study, commences on Sundays with sermons by the participating pastors, based on the Book of Acts.

Laymen, crossing denominational lines, will be meeting in neighborhood groups every evening next week except Saturday. Sessions are held once a week for five weeks. The Epiphany Study is a follow-up of last winter's Ephesian Study which involved 536 participants from churches in Kingston, Rocky Hill, Princeton, Hopewell, Lawrenceville, Dutch Neck and Princeton Junction. Sponsors are the Princeton Pastors' Association and the Princeton Christian Unity Committee. There was a unanimous request on the 200 questionnaires returned by participants for another ecumenical series.

Basile of Unity, "Last year's study was effective in several respects," said Princeton's Rev. Albert D. Tyson Jr. of Mt. Pisgah AME Church, said on Tuesday, "it brought people into a realization that there was a message from the Scripture. It united the Christian community of Princeton. My feeling is that the study of the Book of Acts will serve to highlight the basis of our unity and point out the dynamics of what can and should be done." Sunday's sermons, "New Life in the Holy Spirit," will be based on Chapter 2 of Acts, according to the Rev. Dr. Leon Gibson of Princeton Methodist Church.

Neighborhood meetings, with a convener, resource person and hostess, will be held weekly in homes throughout the community. Discussions will be based on themes from the Book of Acts. The basic study guide, "Interdenominational Witness," by Leander E. Keek, an American Baptist text which has won interdenominational approval.

"I found this book very helpful," said the Rev. Kenneth S. Dannenhauer of Calvary Baptist Church. The basic idea is that the mid-20th century is closer to the early Church than any interim period in that Christians are a minority in a world. This is an opportunity for Christians to demonstrate their faith in a world that is hostile and couldn't care less."

Pilot Study: Also approved is "Acts Then and Now," by Harvey H. Potthoff, a Methodist study book which views the themes of Acts from a historical and analytical point of view, followed by present-day applications.

Convenors will be working from an outline prepared by the Rev. Walter Church of Princeton Baptist Church. Dutch Neck, where a pilot study was held some months ago.

"Several points developed through our study. Among them, an emphasis on the place of the Holy Spirit in the Church, the relationship of

Rev. Kenneth S. Dannenhauer

church to state, and what could be considered a valid witness."

Face to Face. According to Miss Natalie Vaughn, a member of the P.A.S.C.U.C. coordinating committee for the study, an increased number of Roman Catholics will be participating this year. Registration cards were distributed at St. Paul's and at the Aquinas Foundation, where the Rev. Robert Murray gave his support to the study during last Sunday's sermon.

"It is to be hoped and believed," Dr. Donald M. Meisel of First Presbyterian Church told his congregation, "that this will prove to be an even more fruitful ecumenical venture than last year's endeavor."

"One of the major values of the study last year," the Rev. Mr. Dannenhauer adds, "was that some of our people who have not had living experience with other Christian denominations had face-to-face relationships that revealed the unity we all have. Others were happy for a local opportunity to express what they had known existed."

Interested persons may register with Mrs. Charles Dyer, 100 Stockton Street (924-9178), indicating which evening of the week is preferred.

### CHRISTMAS VESPERS SET

By Eastern Orthodox. Eastern Orthodox Christmas vespers will be held at 7:30 p.m. this Thursday in the Princeton University Chapel. The Rev. Professors George Florovsky and John Turkevich will officiate. The service is welcome. "The Eastern, or Russian, Orthodox Church celebrates Christmas according to the Julian calendar. This Friday will be Christmas Day. Thursday's service involves the ancient monastic rite of blessing the bread and wine for the Christmas feast. The music is monastic choral arranged by famous Russian composers. The Orthodox Christmas vespers were inaugurated last year by the Rt. Rev. Constantine Buketoff. Scheduled for the Marjorie T. Harkness of the Chapel, the crowd overflowed into the main chapel area. The

program includes a candlelighting ceremony and a talk by Sister Anne Harrison, Resurrection cloister, January 9. Tickets may be obtained from Mrs. Arthur Johnson, 377-0506. The cost of luncheon is \$1.50.

### BEGIN RADIO PROGRAM

On Health Through Prayer. The Rev. Dr. H. A. Michael, pastor of First Methodist Church, Pennington, and Dr. David H. Harkness, retired pathologist at Helene Fuld Hospital, are conducting a weekly radio program on "Better Health Through Prayer." The program is aired at 2:45 p.m. Sundays over WTTM.

The Rev. Mr. Michael is a member of the Order of St. Luke, an organization in which he has been working for health through prayer. He received his early training in missionary schools in India. Dr. Harkness associated with the hospital for 26 years. Formerly taught medicine in an African missionary school. An active layman, he is a member of the First Methodist Church, Trenton.

BULLETIN NOTES

**PRE-FINISHED PLANKWELD**  
Ready-to-Install WELDWOOD PLANKWOOD

  
1 Start paneling in corner. Nail down edge of first panel at corner and end.

  
2 Insert metal clips in the edge of each groove. Nail clips to wall or studs.

  
3 Slip grooved ends of next panel into groove of first. Clips will make it hidden.

Here is a beautiful wood paneling you can install yourself. Even if you aren't handy, you can panel a whole room in a few hours. And do a fine job, too.

Plankweld is WELDWOOD Paneling. Faces are already finished—no painting or staining is needed. Panel edges are grooved to fit into each other, fastening is done with clips so nails do not show.

You can put Plankweld right over old walls—no furring or framing is needed. That's why Plankweld is such a wonderful material for remodeling. It's fine for new houses too. The panels are fastened directly to the studs.

By doing it yourself you can panel any room you want to, and the whole cost will be the modest price of Plankweld alone.

And—here's something you'll be glad to know—Plankweld is guaranteed for the life of your house. No more repairs!

Come in to see Plankweld. We have it in fine hardware. See how easy it is—and how inexpensive—to wood panel any room in your house.

Plankweld is 1/4" thick, in easy-to-handle panels 19 1/2" wide by 8 feet long.

### "COVER" HOUSE

How would you like to be the proud owner of a house sufficiently outstanding to have been a "cover house" for a lending magazine? Happily lived in since its imaginative renovation and remodeling in 1981 and before that too, for all we know, the ramblin' frame house with, unhappily, be located by its transferred owners in the early spring. And it's much too pretty a home to be "family size" for long. The 4 bedroom, 3 1/2 bath house is particularly planned for a mixture of generations under one roof, having a well-separated first floor bedroom and bath, a paneled library with fireplace as a second living room and a marvelous full basement for more rugged fun. The entire house is impeccably tasteful, beautifully bright and absolutely pristine, from the stunning step-down living room with its three-way exposure, handsome dining room with sliding doors to the terrace, and superb modern kitchen with breakfast area to the lovely, welcoming master bedroom with fireplace and dressing room. And to top it off, in our opinion the price is that Princeton rarity - a fair one - at
